II. INSTRUCTIONS FOR PRESENTATIONS TO THE BOARD BY PARENTS AND CITIZENS PRESENT AT THIS MEETING

We are pleased you can be with us at this meeting, and we hope you will return often. Your visit assures us of continuing community interest in our schools.

The members of the Board of Trustees of this District are locally elected state officials, who serve four-year terms of office, and who are responsible for the educational program of our community from grades kindergarten through twelve. They are required to conduct programs of the schools in accordance with the State of California Constitution, the State Education Code, and other laws relating to schools enacted by the Legislature, and policies and procedures which this Board adopts.

The Board is a policy-making body whose actions are guided by the school district's Mission and Goals. Administration of the District is delegated to a professional administrative staff headed by the Superintendent.

The agenda and its extensive background material are studied by each member of the Board for at least two days preceding the meeting. Board Members can call the administrative staff for clarification on any item, and many of the items on the agenda were discussed by the Board during previous meetings. These procedures enable the Board to act more effectively on agenda items than would otherwise be possible.

WHAT TO DO IF YOU WISH TO ADDRESS THE BOARD OF TRUSTEES

ITEMS ON THE AGENDA. Any person may address the Board concerning any item on the agenda and may, at the discretion of the Board, be granted three (3) minutes to make a presentation to the Board at the time a specific item is under discussion. However, the time assigned for individual presentations could be fewer than three (3) minutes depending upon the total number of speakers who wish to address a specific agenda topic. Prior to the opening of the meeting, a Request to Address the Board card (located in the foyer) should be completed and submitted to the Secretary of the Board. The total time devoted to presentations to the Board shall not exceed twenty (20) minutes, unless additional time is granted by the Board. All presentations shall be heard by the Board prior to the formal discussion of the agenda topic under consideration. Once an agenda item has been opened for public comment, no additional "Request to Address the Board of Trustees" cards shall be accepted for that topic.

ORAL COMMUNICATIONS (Non-Agenda Items). Citizens may address the Board on any item not appearing on the agenda. Individual presentations are limited to three (3) minutes per individual, with twenty (20) minutes in total being devoted for this purpose, but could be less if there are a large number of Oral Communication speakers. Legally, the Board may not take action on items raised by speakers under Oral Communications. However, at its discretion, the Board may refer items to the administration for follow-up or place topics on a future Board agenda.

PUBLIC HEARINGS. Anytime the Board schedules a separate public hearing on any given topic, it shall not hear speakers on that topic before the public hearing, except as to the scheduling of the hearing, nor shall it hear speakers after the hearing, except as to changes in the policy or recommended actions which are directed at the time of the hearing.

CLOSED SESSION. In accordance with Education Code Section 35146 and Government Code Section 54957, the Board may recess to Closed Session to discuss personnel matters which they consider inadvisable to take up in a public meeting.

REASONABLE ACCOMMODATION

In order to help ensure participation in the meeting of disabled individuals, appropriate disability-related accommodations or modifications shall be provided by the Board, upon request, in accordance with the Americans with Disabilities Act (ADA). Persons with a disability who require a disability-related accommodation or modification, including auxiliary aids and services in order to participate in a Board meeting, shall contact the Superintendent or designee in writing by noon on the Friday before the scheduled meeting. Such notification shall provide school district personnel time to make reasonable arrangements to assure accessibility to the meeting.

III. CONSENT CALENDAR

All matters listed under the Consent Calendar are considered by the Board to be routine and will be enacted by the Board in one motion in the form listed below. There will be no discussion of these items prior to the time the Board votes on the motion unless members of the Board, staff, or the public request specific items to be discussed and/or removed from the Consent Calendar. The Superintendent and staff recommend approval of all Consent Calendar items.

SUBJECT: **AUTHORIZATION TO UTILIZE CONTRACT NO. 3-10-70-2039D, CISCO AUTO CALL DISTRIBUTION, INTERNET ENCRYPTION AND FIREWALL, LAN/WAN WIRELESS NETWORK, NETWORK COMPONENT, STATE OF CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS) – FUSIONSTORM**

BACKGROUND INFORMATION

School boards have the authority to “piggyback” on another public agency’s bid, per Public Contract Code §20118, when it is in the best interest of a district. It is often advantageous to utilize piggyback bids when contract items are identical to the district’s specifications. Using piggyback contracts saves time and often provides lower prices than a single jurisdiction would be able to obtain.

Per Board Policy 3311, the District may purchase materials, supplies, and equipment without advertising for bids by utilizing another public agency’s contract.

The District has reviewed the awarding public agency’s bid carefully for the following items:

1. Verification of advertisement
2. Specific terms and conditions of the bid, including the clause which gave notice to potential bidders that other agencies may purchase/lease identical items at the same prices and upon the same terms and conditions
3. Award of contract (copy of the agenda item explaining the award)
4. Verification that the awarding agency actually purchased/leased the personal property
5. Extensions of the contract, if any
6. The awarded bid contract price is at (or lower than) what the District could have obtained otherwise
7. The bid price received by another public agency’s contract has been determined not to be a conflict of interest on the part of the District or violate Capistrano Unified School District Board Policy 9270

CURRENT CONSIDERATIONS

This agenda item requests Board approval to utilize Contract No. 3-10-70-2039D. This bid allows the District another option as funds become available and the need arises to purchase wireless networking with the potential to save staff time, District resources, and to streamline the process of purchasing the products. Utilizing this bid will enable the District to procure the above items at competitive contract pricing.

Due to the size of the CMAS contract and award, the bid documents are posted on Capistrano Unified School District's website and can be accessed at the following link:

http://capousd.ca.schoolloop.com/cms/page_view?d=x&piid=&vpid=1260020103105

The contract documents are also on file in the Purchasing Department. For further information, please contact Terry Fluent, Director of Purchasing, at (949) 234-9436.

FINANCIAL IMPLICATIONS

There is no financial impact.

STAFF RECOMMENDATION

It is recommended the Board of Trustees authorize the use of Contract No. 3-10-70-2039D under the same terms and conditions of the public agency's contract.

SUBJECT: **FINAL ACCEPTANCE AND NOTICE OF COMPLETION
BID NO. 0607-11, FOOD SERVICE FREEZER – FINANCIAL PACIFIC
INSURANCE COMPANY**

BACKGROUND INFORMATION

At the June 25, 2007, Board meeting, Trustees awarded the bid for the installation of a new freezer for Food and Nutrition Services' central kitchen to Diversified Contracting Solutions. On December 31, 2007, the District terminated the contract with Diversified Contracting Solutions as they defaulted in their obligation under the contract. A portion of the project was completed by the contractor and they were paid \$104,400 for the work performed. A demand for completion of obligations was sent to the contractor's surety, Financial Pacific Insurance Company. After their investigation, Financial Pacific Insurance Company agreed to the completion of the freezer project per the Takeover Agreement approved by the Board on November 10, 2009, for the remaining contract balance of \$310,585.

CURRENT CONSIDERATIONS

This agenda item requests the Board accept Bid No. 0607-11, Food Service Freezer as complete. All work has been inspected to the satisfaction of staff and Financial Pacific Insurance Company now wishes to receive its 10% retention, currently being held by the District. In order to pay the retention on this work, it is necessary to file a final Notice of Completion (Exhibit A).

FINANCIAL IMPLICATIONS

Financial Impact: \$310,585 (Release of Retention)

Funding Source: Fund 13 - Food and Nutrition Services

STAFF RECOMMENDATION

It is recommended the Board of Trustees approve filing the final Notice of Completion for Bid No. 0607-11, Food Service Freezer, and release the retention that was withheld from Financial Pacific Insurance Company

STAFF RECOMMENDATION

It is recommended the Board of Trustees approve the Contract for Auditing with Vavrinek, Trine, Day & Co., LLP to perform independent annual district audits for fiscal years 2010-2011, 2011-2012 and 2012-2013.

CONTRACT FOR AUDITING

This agreement made and entered into this _____ day of _____ 2010, between the Governing Board of the Capistrano Unified School District, of Orange County, State of California, hereafter referred to as "District" and VAVRINEK, TRINE, DAY & CO., LLP, Certified Public Accountants, hereafter referred to as "Auditors".

We understand the services we are to provide the District for the three years ended June 30, 2013. We will audit the financial statements of the District, as of and for the three-year period beginning July 1, 2010 and ending June 30, 2013. In addition, the document we submit to you will include the following additional information that will be subjected to the auditing procedures applied in our audit of the financial statements:

1. Schedule of Expenditures of Federal Awards.
2. Schedules required by current *Standards and Procedures for Audits of California K-12 Local Educational Agencies*, issued by the Education Audit Appeals Panel.

Also, the document we submit to you will include the following supplementary information required by generally accepted accounting principles that will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis.
2. Budgetary Comparison Schedules.

The document will also include the following additional information that will not be subject to the auditing procedures applied in our audit of the financial statements, and for which our auditor's report will disclaim an opinion:

1. Combining Statements - Non-Major Governmental Funds.
2. Selected Financial Information.

AUDIT OBJECTIVES

The objective of our audit is the expression of an opinion as to whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America and to report on the fairness of the additional information referred to in the first paragraph when considered in relation to the financial statements taken as a whole. The objective also includes reporting on:

Internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.

Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

The reports on internal control and compliance will each include a statement that the report is intended for the information and use of the governing board, management, specific legislative or regulatory bodies, federal awarding agencies, and if applicable, pass-through entities.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards outlined in the California State Controller's *Standards and Procedures for Audits of California K-12 Local Educational Agencies* the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of OMB Circular A-133, and will include tests of accounting records, a determination of major program(s) in accordance with Circular A-133, and other procedures we consider necessary to enable us to express such an opinion and to render the required reports. If our opinion on the financial statements or the Single Audit compliance opinion is other than unqualified, we will fully discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

MANAGEMENT RESPONSIBILITIES

Management is responsible for establishing and maintaining internal control and for compliance with the provisions of contracts, agreements, and grants. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of the controls. The objectives of internal control are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorizations and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles, and that federal award programs are managed in compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is responsible for making all financial records and related information available to us. We understand that you will provide us with such information required for our audit and that you are responsible for the accuracy and completeness of that information. We will advise you about appropriate accounting principles and their application and will assist in the preparation of your financial statements, including the schedule of expenditures of federal awards, but the responsibility for the financial statements remains with you. That responsibility includes the establishment and maintenance of adequate records and effective internal control over financial reporting and compliance, the selection and application of accounting principles, and the safeguarding of assets. Management is responsible for adjusting the financial statements to correct material misstatements and for confirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. You are also responsible for informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws and regulations. Additionally, as required by OMB Circular A-133, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review during interim phase of our audit.

As part of the audit, we will prepare a draft of your financial statements, schedule of expenditures of federal awards, and related notes. In accordance with *Government Auditing Standards*, you will be required to review and approve those financial statements prior to their issuance and have a responsibility to be in a position in fact and appearance to make an informed judgment on those financial statements. Further, you are required to designate a qualified management-level individual to be responsible and accountable for overseeing our services.

AUDIT PROCEDURES - GENERAL

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. As required by the Single Audit Act Amendments of 1996 and OMB Circular A-133, our audit will include test of transactions related to major federal award programs for compliance with applicable laws and regulations and the provisions of contracts and grant agreements. Because an audit is designed to provide reasonable, but not absolute assurance and because we will not perform a detailed examination of all transactions, there is a risk that material errors, fraud, other illegal acts, or noncompliance may exist and not be detected by us. In addition, an audit is not designed to detect immaterial errors, fraud, or other illegal acts or illegal acts that do not have a direct effect on the financial statements or to major programs. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to matters that might arise during any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will also require certain written representations from you about the financial statements and related matters.

AUDIT PROCEDURES - INTERNAL CONTROLS

In planning and performing our audit, we will consider the internal control sufficient to plan the audit in order to determine the nature, timing, and extent of our auditing procedures for the purpose of expressing our opinions on the District's financial statements and on its compliance with requirements applicable to major programs.

We will obtain an understanding of the design of the relevant controls and whether they have been placed in operation, and we will assess control risk. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Tests of controls relative to the financial statements are required only if control risk is assessed below the maximum level. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by OMB Circular A-133, we will perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements, applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to OMB Circular A-133.

An audit is not designed to provide assurance on internal control or to identify reportable conditions. However, we will inform the governing body or audit committee of any matters involving internal control and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. We will also inform you of any nonreportable conditions or other matters involving internal control, if any, as required by OMB Circular A-133.

AUDIT PROCEDURES - COMPLIANCE

Our audit will be conducted in accordance with the standards referred to in the section titled Audit Objectives. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with applicable laws and regulations and the provisions of contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

OMB Circular A-133 requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of the applicable procedures described in the *OMB Circular A-133 Compliance Supplement* for the types of compliance requirements that could have a direct and material effect of each of the District's major programs. The purpose of those procedures will be to express an opinion on the District's compliance with requirements applicable to major programs in our report on compliance issued pursuant to OMB Circular A-133.

AUDIT ADMINISTRATION AND ACCESS TO WORKPAPERS

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any invoices selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of and sign the Data Collection Form that summarizes our audit findings. We will provide the appropriate number of copies of our reports to the District; however, it is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and a corrective action plan) along with the Data Collection Form to the designated federal clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audits. At the conclusion of the engagement, we will provide information to management as to where the reporting packages should be submitted and the number to submit.

The audit documentation for this engagement is the property of the Auditors and constitutes confidential information. However, pursuant to authority given by law or regulation, we may be requested to make certain workpapers available to Federal, State or Grantor Agencies. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of the Auditors' personnel. Furthermore, upon request, we may provide photocopies of selected workpapers to Federal, State or Grantor Agencies. The Federal, State, or Grantor Agencies may intend, or decide, to distribute the photocopies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the date the auditors' report is issued or for any additional period requested by the Federal, State, or Grantor Agency. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the workpapers.

AUDIT FEES

Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. In accordance with our firm policies, work may be suspended if your account becomes 90 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The fee listed below is based on anticipated cooperation from your personnel, the assumption that unexpected circumstances will not be encountered during the audit, no significant changes in reporting format and/or audit requirements or significant changes in the operations of the District.

If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. You may request that we perform additional services not contemplated by this engagement letter. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fee. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

The maximum annual fee for auditing services under the terms of this contract shall be \$80,000 for 2010-2011, \$80,000 for 2011-2012, and \$84,000 for 2012-2013 for personal services, with the exception that any additional auditing services provided for (1) GASB requirements and/or audit requirements as issued by the California State Controller's Office, Education Audit Appeals Panel, Federal Agencies, American Institute of Certified Public Accountants, or Governmental Accounting Standards Board, (2) any changes in the number of funds or accounts maintained by the District during the period under this contract, shall be in addition to the above maximum fee for personal services, and (3) any additional Federal Program and State Special Projects/Compliance Issues.

The final installment will represent the 10% withheld amount pursuant to Education code 14505 and will be presented for payment upon certification by the Controller that the audit report conforms to the reporting provisions of the Audit Guide. All billings for additional audit fees or services will be billed as these services are provided. In accordance with Education Code Section 14505 (b), the District shall withhold fifty percent (50%) of the audit fee for any subsequent year of multi-year contract if the prior year's audit report was not certified as conforming to reporting provisions of the audit guide. This contract shall be null and void if a firm or individual is declared ineligible pursuant to subdivision (c) of Section 41020.5. The withheld amount shall not be payable unless payment is ordered by the State Board of Accountancy or the audit report for that subsequent year is certified by the controller as conforming to reporting provisions of the audit guide.

The costs of any mediation proceedings shall be shared equally by all parties. The District and Auditors both agree that any dispute over fees charged by the accountant to the client will be submitted for resolution by arbitration in accordance with the rules of the American Arbitration Association. Such arbitration will be binding and final. IN AGREEING TO ARBITRATION, WE BOTH ACKNOWLEDGE THAT, IN THE EVENT OF DISPUTE OVER FEES, EACH OF US IS GIVING UP THE RIGHT TO HAVE THE DISPUTE DECIDED IN A COURT OF LAW BEFORE A JUDGE OR JURY AND INSTEAD WE ARE ACCEPTING THE USE OF ARBITRATION FOR RESOLUTION.

SUBJECT: **ANNUAL INSPECTION REPORT REQUIRED BY THE
WILLIAMS SETTLEMENT LEGISLATION, 2009-2010 SCHOOL YEAR**

BACKGROUND INFORMATION

The Williams Settlement mandates that school districts establish policies and procedures to resolve deficiencies related to instructional materials, emergency or urgent facility conditions posing a threat to student/staff safety, and teacher vacancies or misassignments.

On an annual basis, county departments of education visit decile 1, 2 and 3 schools and report on: a) the status of instructional materials; b) the physical conditions of the campus; c) the accuracy of information reported in the School Accountability Report Cards; d) appropriate teacher assignments; and e) California High School Exit Examination Intensive Instruction and Services Program. Last year, Kinoshita and San Juan Elementary schools were inspected last year by OCDE staff.

CURRENT CONSIDERATIONS

This agenda item presents for Board review the District's annual report prepared by the Orange County Department of Education. The inspection revealed the designated program improvement schools had 11 minor corrections or repairs which were resolved immediately following the inspection. Therefore, the schools are considered to have met all expectations established under the Williams legislation. The report is received and monitored by Executive Director, Risk Management/Compliance, Jeff Bristow (Exhibit A).

FINANCIAL IMPLICATIONS

There is no financial impact.

STAFF RECOMMENDATION

It is recommended the Board of Trustees accept this report.

“Practice Teaching” is used herein and elsewhere in this agreement means active participation in the duties and functions of classrooms teaching under the direct supervision instruction of employees of the District holding valid professional clear or life diplomas issued by the State Board of Education, other than emergency or provisional credentials, authorizing them to serve as classroom teachers in the schools or classes in which the practice teaching is provided.

2. The State will pay the District for the performance by the District of all services required to be performed under this agreement at the rates set forth in the Special Provisions for each semester or quarter unit of practice teaching.

A semester unit of practice teaching for elementary and secondary schools is approximately twenty (20) minutes of practice teaching daily for five (5) days a week for eighteen (18) weeks. A quarter unit of practice teaching is two-thirds ($\frac{2}{3}$) of a semester unit. For community colleges and/or adult schools, a semester unit is approximately twenty (20) minutes of practice teaching daily three (3) days per week for eighteen (18) weeks during regular session.

3. An assignment of a student of the University to practice teaching in schools or classes of the Districts shall be at the discretion of the University, either for approximately nine (9) weeks or for approximately eighteen (18) weeks, but a student may be given more than one (1) assignment by the University to practice teaching in such schools or classes.

The assignment of a student of the University to practice teaching in the District shall be deemed to be effective for purposes of this agreement as of the date the student presents to the proper authorities of the District the assignment card or other document given the student by the University effecting such assignment, but not earlier than the date of such assignment as shown on such card or other document.

In the event the assignment of a student of the University to practice teaching is terminated by the University for any reason, the District shall receive payment on account of such student except that if such assignment is terminated before the end of the ninth week of the term of the assignment, the District shall receive payment for an assignment for nine (9) weeks only. If a student is assigned by the University to another teacher of the District after an assignment has become effective, this shall be considered for payment purposes as an entirely new and separate assignment.

Absences of a student from assigned practice teaching shall not be counted as absences in computing the quarter units of practice teaching provided the student by the District.

4. Within a reasonable time following the close of each semester or quarter of the University, the District shall submit an invoice, in triplicate, to the University for payment, at the rate provided herein, for all units of practice teaching provided by the District under and in accordance with this agreement during said semester or quarter. The District shall attach to the invoice a certificate, in triplicate, executed by a duly authorized representative of the District certifying that the District expended or became obligated to expend in providing such practice teaching an amount not less than the amount of the invoice. The University will pay the amount of such invoice from monies made available for such purpose by or pursuant to the laws of the State.
5. Notwithstanding any other provisions of this agreement, the University shall not be obligated by this agreement to pay the District any amount in excess of the total sum set forth in the Special Provisions.

The foregoing insurance limits and /or requirements as referred to under Section (B) above shall be subject to changes in, or modifications or, coverage, forms, and/or limits as mandated from time to time by insurance programs of the parties. When such changes or modifications are mandates, the parties shall agree to renegotiate requirements for insurance coverage, forms and/or limits within thirty (30) days from receipt of notification by either party of such change. The period for renegotiation shall be thirty (30) days. New contract terms regarding coverage, forms, and/or limits shall be mutually agreed upon by the parties and shall be evidenced by a written addendum to this Agreement within the period for renegotiation. SUBJECT: **AUTHORIZATION OF COACHES TO PROVIDE FIRST SEMESTER
PHYSICAL EDUCATION CREDIT**

BACKGROUND INFORMATION

Districts may assign a teacher with a credential in a subject area other than physical education to coach a competitive sport and award physical education credit to students. State law requires that such teachers be full-time employees of a district, complete a minimum of 20 hours of first-aid instruction, have training on the harmful effects of steroid use, and be approved by the Board of Trustees.

CURRENT CONSIDERATIONS

This agenda item requests approval by the Board of Trustees for teachers who are credentialed in subjects other than physical education to provide physical education credit to students in that respective sport.

It has been determined that all teachers who do not hold a physical education credential, but are assigned coaching activities for which such credit is given, are full-time employees of the school District and have completed CPR and first aid instruction. Additionally, these coaches have attended or are in the process of attending a training program based on the Victory With Honor curriculum, which includes discussion on the dangerous effects of steroids. Therefore, it is now appropriate for the Board of Trustees to approve teachers so assigned (Exhibit A).

FINANCIAL IMPLICATIONS

Coaching stipends are budgeted and funded through the general fund or through Booster Club donations.

STAFF RECOMMENDATION

It is recommended the Board of Trustees authorize the appropriate teachers to coach a competitive sport for one period per day and provide physical education credit to the students enrolled in the class (Exhibit A).

SUBJECT: **UPDATE ON CLASSES AND PROGRAMS OFFERED THROUGH
COMMUNITY EDUCATION**

BACKGROUND INFORMATION

Capistrano Adult and Community Education consists of Capistrano Adult School, which is funded by state apportionment, federal grants and fees, and Community Education, which is entirely supported by fees paid by students.

The Community Education program was launched in 2004 to offer quality fee-based enrichment classes and programs to our students and the adult community and:

- To offer quality classes and programs at a reasonable price
- To protect and maximize the appropriate use of CUSD facilities and resources
- To recognize the value and talents of CUSD employees and provide a means to offer their services to the community

CURRENT CONSIDERATIONS

This agenda item is to update the Board on the classes and programs offered through Community Education.

Community Education now offers a wide spectrum of classes for children and adults after school, evenings, weekends, and throughout the summer. Classes are offered at most elementary, middle, and high school campuses. Over 4,000 students are served each semester. From fall 2009 through summer 2010, 18,602 students enrolled in CUSD Community Education classes.

Beginning summer 2010, athletic camps and programs conducted by CUSD coaches have been offered to students in K-12 through Community Education. Sports from baseball to wrestling have been featured. Over 5,000 students enrolled in athletic camps this summer.

FINANCIAL IMPLICATIONS

Fees collected by Community Education cover the instructional and operational costs of the programs, and help to offset District costs for maintaining and upgrading facilities.

Gross receipts for fall 2009 through summer 2010 were \$1,978,524. The average registration per student per class was \$106, and 1,466 sections were offered, with an average of 13 students per class.

STAFF RECOMMENDATIONS

It is recommended the Board President recognize Julie Hatchel, Assistant Superintendent, Education Services, who will introduce Beverly de Nicola, Principal, Capistrano Adult and Community Education, to present this informational item to the Board of Trustees. This is an informational item only, and no Board action is necessary.

**SUBJECT: RESOLUTION NO. 1011-23 AUTHORIZING THE CONTINUANCE OF
PUBLIC HEARING FOR CONSIDERATION OF REDUCING SPECIAL
TAXES OF CFD NO. 2005-1 (WHISPERING HILLS)**

BACKGROUND INFORMATION

Rancho San Juan Development LLC ("Landowner") is the successor owner to Whispering Hills LLC ("Prior Owner") and assignee of the applicable "Impact Mitigation Agreement" relative to the "Whispering Hills Project" and Community Facilities District No. 2005-1 ("CFD No. 2005-1"). The Landowner has presented a revised project ("Revised Project") anticipated to be developed within CFD No. 2005-1 that is downsized with lesser assumed "Base Sales Prices" for the proposed homes. The Landowner previously submitted a "Petition" requesting the Board to initiate proceedings to consider reducing the existing special taxes of CFD No. 2005-1. The proposed reduced special taxes and the existing Impact Mitigation Agreement between the District and the Landowner, as well as the existing Joint Community Financing Agreement ("JCFA") between the District, Landowner, and the City of San Juan Capistrano ("City"), have been reviewed by the District's special tax administrator and legal counsel. The Revised Project and proposed reduced special taxes, if approved, will result in a reduced amount of the proposed Bonds, to be issued on behalf of CFD No. 2005-1 at a future date, as the proposed development and sale of homes in the Revised Project occur.

On January 12, 2010, the Board, as the Governing Body of CFD 2005-1, adopted Resolution No. 0910-46, calling a Public Hearing on March 12, 2010, as to the request by the owner and "Developer" of the property in CFD No. 2005-1 to consider reducing the Special Taxes of CFD No. 2005-1. The Public Hearing was opened on March 12, 2010, and subsequently continued several times to August 24, 2010. The applicable statute provides for such Public Hearing to be concluded in six (6) months, therefore, pending resolution of the above-described matters, the Board on August 24, 2010, by reason of such statutory time limitations, terminated the proceedings initiated pursuant to the Petition of Landowners, but initiated "Supplemental Proceedings" in order to continue working with Landowner to reach a mutually-acceptable "Amended Impact Mitigation Agreement."

On August 24, 2010, a Public Hearing on the Supplemental Proceedings was called for October 12, 2010. At this time, the parties are still discussing the above matters, and it does not appear such will be concluded by October 12, 2010. As these matters are complex, the Board may so determine and after opening the Public Hearing, receiving public comment, continue the Public Hearing to December 7, 2010, to allow staff and legal counsel more time to reach an agreement.

HEARING FOR CONSIDERATION OF REDUCING SPECIAL TAXES OF CFD NO. 2005-
1 (WHISPERING HILLS)**

October 12, 2010

Page 2

CURRENT CONSIDERATIONS

This agenda item requests consideration and approval of Resolution No. 1011-23, (Exhibit A) authorizing the continuance of a Public Hearing called for October 12, 2010, to December 7, 2010. Staff and Legal Counsel are seeking to obtain concurrence with the Landowner as to a mutually acceptable Amended Impact Mitigation Agreement. Such has not yet occurred, which prevents conclusion of the Public Hearing on October 12, 2010. Resolution No. 1011-23 was prepared by legal counsel.

FINANCIAL IMPLICATIONS

This matter will have no impact on the General Fund of the District. The cost of the proceedings to modify the Special Taxes, if any, is required by the Mello-Roos Act to be borne by the Developer.

STAFF RECOMMENDATION

It is recommended the Board of Trustees open the Public Hearing, receive and consider public comment, if any, and continue the Public Hearing to December 7, 2010, by adopting Resolution No. 1011-23, entitled, "Resolution of the Board of Trustees of the Capistrano Unified School District, Acting as the Legislative Body of Community Facilities District No 2005-1 of the Capistrano Unified School District (Whispering Hills), Continuing Public Hearing for Consideration of Altering the Rate and Method of Apportionment and Reducing the Levy of Special Taxes Within Community Facilities District No. 2005-1 of the Capistrano Unified School District."

WHEREAS, the Capistrano Unified School District (“School District”) is a public school district organized and existing pursuant to the laws of the State of California (“State”); and serves as the legislative body of Community Facilities District No. 2005-1 of the Capistrano Unified School District (“Whispering Hills”), referred to herein as “CFD No. 2005-1,” and on August 24, 2010, called a Public Hearing for October 12, 2010, for consideration of altering the rate and method of apportionment and reducing the levy of “Special Taxes” for CFD No. 2005-1 for October 12, 2010, at 7:00 o’clock p.m., or as soon thereafter as is practicable at the Capistrano Unified School District’s office located at 33122 Valle Road, San Juan Capistrano, CA 92675; and

WHEREAS, the Board of Trustees (“Board”), at the above-described date, time, and place, convened and opened the above-described Public Hearing, received comments, if any, of the public and owner of the property within CFD No. 2005-1, as well as the recommendation of staff and legal counsel that such hearing be continued to December 7, 2010, at the same time and location as described above.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE CAPISTRANO UNIFIED SCHOOL DISTRICT, ACTING AS THE LEGISLATIVE BODY OF COMMUNITY FACILITIES DISTRICT NO. 2005-1, DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

Section 1. Each of the above recitals is true and correct and is incorporated herein.

Section 3. It is hereby determined that the complexity of the herein described proposed changes require additional time, and that a continuance of such Public Hearing is necessary as herein provided.

Section 4. The above-described Public Hearing is continued to 7:00 o'clock p.m., as as soon thereafter as practicable, on December 7, 2010, at the Capistrano Unified School District Office located at 33122 Valle Road, San Juan Capistrano, CA 92675.

Section 5. A "Notice of Continuance" shall be posted within 24 hours hereof, as provided for in Government Code Section 54955.1 and 54955.

SUBJECT: **PUBLIC HEARING ON RESOLUTION 1011-22 ADOPTING A
MITIGATED NEGATIVE DECLARATION/INITIAL STUDY FOR THE
DANA HILLS HIGH SCHOOL PERFORMING ARTS FACILITY**

BACKGROUND INFORMATION

In June 2008, the District began exploring a concept for a new performing arts theater on the campus of Dana Hills High School. Development of the proposed theater plan originated from the application and approval of the Career Technical Education (CTE) grant that was awarded in the spring of 2008. The \$3 million CTE grant stipulates detailed program requirements that must be included as part of the theater design. To meet these requirements, a planning committee was formed in the summer of 2008 among District staff, project consultants, and parent volunteers. Several meetings were held to finalize the theater components.

Project Design / Environmental Study

Following the planning committee process, in the fall of 2008 the Board authorized District staff to move into the design phase of the project by awarding an architectural contract to prepare construction drawings of the proposed Performing Arts Facility. The new building would include a 470 seat theater, balcony, stage, and fly tower, as well as a lobby, control room, practice rooms, storage, and administrative offices.

Additionally, the Board authorized an agreement for consultant services to complete the necessary environmental documentation, as required by the California Department of Education. In 2009, the design of the proposed theater was finalized, which triggered the beginning of environmental research and documentation efforts leading to the completion of the "Mitigated Negative Declaration and Initial Study for the Dana Hills High School Performing Arts Facility." The Mitigated Negative Declaration (MND) level of environmental analysis was determined by the project consultant team (through the Initial Study process) to be the appropriate study for the proposed theater, given the anticipated project-related impacts and level of significance of these impacts after incorporation of mitigation measures.

The MND was circulated for public review and comment between August 18 and September 16, 2009. Letters were received from the City of Dana Point, as well as from other responsible agencies. Corresponding responses were prepared and were included into the final report. Additionally, in November and December of 2009, a separate report was prepared and approved by the Department of Toxic Substance Control (DTSC), as required by the State.

Additional Public Meetings

In the spring of 2010, as staff was preparing to bring a resolution to adopt a mitigated negative declaration/initial study for the Dana Hills High School Performing Arts Facility (Exhibit A), the District began receiving additional correspondence from the City of Dana Point and several residents expressing further concerns regarding the proposed theater. Generally, some members of the community felt there was not enough time and notification for the public to express their views of the proposed theater. In response, the District held a series of public meetings with the City and adjacent residents to hear and address these concerns. Three meetings were held in July, August, and September 2010 to gather additional public comments, respond, and report these concerns to the Trustees as part of this Board agenda item.

The first public meeting, held on July 15, 2010, in the Dana Hills High School Porthole Theater, was attended by nearly 150 people who were provided an overview of the project, an explanation of the planning and design process, a summary of the environmental study, and a review of budget and schedule implications. Comment cards were passed out and attendees were urged to provide a written comment and/or questions regarding the proposed theater. A total of 46 comment cards were returned to staff and copies are included herein (Exhibit B). Concerns expressed by residents at the first meeting were summarized into the following issues/topics:

- | | |
|-----------------------------------|-----------------------------------|
| 1. Visual Impacts/Building Mass | 6. Coordination of Events |
| 2. Exterior Lighting | 7. Neighborhood Parking and Trash |
| 3. Traffic and Parking Impacts | 8. Existing Excessive Noise |
| 4. Project Coordination with City | 9. Removal of Portable Classrooms |
| 5. Lost Recreational Facilities | 10. Project Budget/Estimate |

The second meeting, held on August 19, 2010, in the Dana Hills High School media center, was attended by approximately 12 people, and focused on staff review of the issues listed above. Also reiterated was the anticipated process and timing of the MND and the approval process through the responsible State agencies.

The third meeting, held September 2, 2010, was primarily a follow-up to the previous meetings with a recap of community concerns associated with the proposed theater and our responses. The following is a summary of these issues and the corresponding responses:

1. Visual Impacts/Building Mass – The physical size of the building was shared by many in the community as one of their major concerns. The fly tower feature in the proposed theater is planned to be 60 feet above grade. In response, staff presented to the community scaled renderings and a height diagram (Exhibit C) that illustrated the relationship of the proposed building with the existing features on campus, including the main school building and existing light standards. As shown, the tallest portion of the proposed theater would be nearly 30 feet higher than the existing building, and 23

FACILITY**

feet lower than the light standard at the adjacent athletic field. Several members of the community suggested excavating and lowering the building to reduce the overall height.

2. Exterior Lighting – Lighting concerns were addressed by the project architect who stated the exterior lights on the proposed theater are low level, shielded fixtures that would not impact adjacent properties. Also, although not project related, residents noted the existing problem of bright stadium lights shining into their properties. Staff will re-examine the placement and effectiveness of the light shields to try to alleviate this condition.
3. Traffic and Parking Impacts – Vehicular issues are a significant concern of the residents of the neighborhood. District staff and consultants explained the proposed theater was to serve the existing student body at Dana Hills High School and that no additional students were anticipated with the new development. Moreover, the proposal includes a net increase of 15 parking spaces to the school's main parking lot.

Also, there was a question whether there is enough onsite parking to accommodate the proposed theater with its greater seating capacity (i.e., 470 seats) as opposed to the Porthole Theater (i.e., 275 seats). There are currently 561 parking spaces at the high school, which should be more than enough to accommodate the larger venue.

Creation of a new entrance into the school from Stonehill Drive, north of its intersection with Golden Lantern, was offered by one of the attendees as a suggestion to help improve traffic flow in and around the school. While staff agreed this was a good idea and warranted further investigation, staff explained that a new ingress/egress at this location would likely be problematic with the operation of the intersection, would require City studies and approval, would be an expensive addition to the project due to the grade differences, and would require redesign of traffic circulation patterns on campus. Staff felt this idea is something that could be explored in the future, but not necessarily as part of this project.

4. Project Coordination with the City – Several members of the public expressed concern over the District not coordinating with the City on issues of concern to the community. In response, the District held the public meetings and invited the entire community, including City staff. The District collaborated with the City on the notification of the meetings by using the City's database of nearly 900 adjacent residents and businesses. The Dana Point City Manager, Assistant City Manager, and Planning Director all attended at least one of the meetings. Also, staff pledged to continue working with the City in the planning process of the proposed theater.
5. Lost Recreational Facilities – Another community concern relates to the relocation of the tennis courts onto the south end of the playfield. With the development of the

theater, there would be some loss of playfield space; however, no impacts on the existing baseball fields are anticipated. There currently is a joint use agreement in place with the City for use and maintenance of these recreational amenities. Coordination with the City will be necessary to protect both parties' interest in the agreement prior to any construction activities.

6. Coordination of Events – Event coordination was indicated by staff as key to avoiding most of the perceived impacts of the proposed theater, such as additional traffic, parking, and noise. The school's activities director would be primarily responsible to schedule school events such that they are not doubled up and that onsite and offsite congestion is minimized.
7. Neighborhood Parking and Trash – Increased neighborhood parking and/or trash issues are not an anticipated impact of the proposed facility, although it remains a key issue with adjacent residents. District staff will coordinate with City staff and neighbors as much as possible to prevent any disruptions or destruction in the adjacent community from students and/or school-related functions.
8. Existing Excessive Noise - Noise levels are not anticipated to increase from the proposed theater (aside from construction-related activities that would be carefully planned). However, the District is sensitive to the noise issues expressed by adjacent homeowners and will monitor school-related activities to keep these noise levels to a minimum.
9. Removal of Portable Classrooms – There is a desire by some in the community to help beautify the area by removing relocatable classrooms, especially near the intersection of Golden Lantern and Stonehill Drive. Unfortunately, the proposed project does not include any removal of portable classrooms, and these classrooms are needed to serve the existing student body. However, the District would certainly welcome any future opportunity to remove older portable classrooms.
10. Project Budget/Estimate – Cost concerns were mentioned several times by the community. Most expressed concern over devoting a very significant amount of money toward a facility of this type when other financial hardships exist, such as cutbacks and employee layoffs. District staff explained that funds used for expenditures associated with school operations and staffing is entirely separate and distinct from funding for capital facility projects. By law, capital facility funds can not be used for general fund expenses. Also, it was explained that, although the planning process for the proposed theater is nearing completion, any construction-related activities depend on a significant amount of local funds (approximately \$9 million) that the District would need to have in place prior to commencing with development. These necessary funds do not exist at this time.

Next Steps in Planning for the Performing Arts Facility

The completed MND for the Board of Trustees' consideration includes an evaluation of environmental conditions and anticipated potential impacts associated with the proposed Performing Arts Facility at Dana Hills High School, as well as comments received from outside agencies and interested parties and the District's responses. With the Board's adoption of Resolution 1011-22 certifying the completeness of the MND, the District will be able to move forward in acquiring final planning approval from the State of the plans and documents for the proposed theater. Staff anticipates obtaining all necessary approvals from the California Department of Education and the Office of Public School Construction in December 2010.

CURRENT CONSIDERATIONS

This agenda item requests a public hearing and the subsequent approval of Resolution No. 1011-22, a Resolution of the Board of Trustees of the Capistrano Unified School District Adopting a Mitigated Negative Declaration/Initial Study for the Dana Hills High School Performing Arts Facility (Exhibit A). Also attached is a copy of the approval letter from the Department of Toxic Substance Control regarding the completed "Phase I Environmental Site Assessment" for the Performing Arts Facility (Exhibit D). Provided under separate cover (Exhibit E) is the "Mitigated Negative Declaration and Initial Study for the Dana Hills High School Performing Arts Facility," which includes the comments received during the public comment period and the District's responses.

A summary of the Attachments and Exhibits included in this Board item is provided below:

- Exhibit A - Resolution No. 1011-22
- Exhibit B - Copies of public comment cards
- Exhibit C - Conceptual plans and renderings of the proposed theater
- Exhibit D - Approval letter from Department of Toxic Substance Control
- Exhibit E - Mitigated Negative Declaration and Initial Study (separate cover)

FINANCIAL IMPLICATIONS

Costs associated with the preparation of the environmental studies were funded from revenues generated through the District's developer fee account. It is anticipated that the future construction of the Performing Arts Facility will be funded through capital facility accounts, potential private donations, as well as the State CTE Grant, and the State's School Facility Construction program.

It is important to note that funding for the construction of the proposed Performing Arts Facility is not available at this time. In addition to the CTE Grant of \$3 million, the District would need to provide nearly \$9 million in local funds to award a contract and begin construction. Although

there are fundraising efforts underway by supporters of the proposed theater to help with the needed local share of construction costs, the dollars do not exist at this time.

STAFF RECOMMENDATION

It is recommended the Board of Trustees open a Public Hearing to receive and consider public comment, if any, on the Mitigated Negative Declaration/Initial Study for the Dana Hills High School Performing Arts Facility.

Following the Public Hearing, it is requested the Board President recognize Ron Lebs, Deputy Superintendent, Business and Support Systems, who will provide an overview of this item and answer any questions Trustees may have.

After appropriate discussion, it is recommended the Board of Trustees approve Resolution No. 1011-22, Adopting a Mitigated Negative Declaration/Initial Study for the Dana Hills High School Performing Arts Facility.

Re: Proposed Dana Hills Performing Arts Facility

I have lived in Dana d'Oro, adjacent to the High School for 36 years. This area has been impounded with the following additions:

1. An enlarged enrollment adding multiple portables thus shrinking the campus by losing basketball courts, open baseball fields and areas for classroom agriculture.
2. Joint-use ball fields with the Capo District for local sports teams. This has taken away some High School field use time along with adding 10 high power pole lighting impacting the neighborhood.
3. The district agreed to allow electronic high power cell phone receivers on campus with multiple attachments causing additional electrical pollution for students.
4. The district rents out the football fields on the weekends for private Patriot games and other sporting events
5. The High School traffic is huge as more students are getting cars causing a spilling out for blocks during the day and for after school hour events.
6. The City Hall is across the street with lots of ingress and egress making this the most congested corner in Dana Point.
7. I'm not even going to address the noise, traffic and parking issues related to this plan.
8. Now, all of this is compounded to this one road entry of over 400 residences including Dana 'd Oro, Thunderbird and Sunset homes. There is already an unsafe exit emergency with only one street going in and out in front of the High School.

We support the kids and attend their events but this community cannot support any additional impact in this area. Other large churches in the area do not have such a mammoth seating capacity. This facility is too immense for this campus. The grounds have shrunk enough.

Respectfully,

It is to my understanding that the performing arts center is proposed to be constructed where the high school tennis courts currently stand. Will the construction of new courts be completed before the existing ones are demolished? Dana Hills High School has one of the top girls' varsity tennis teams in the state, and the school's highly esteemed tennis program reflects the excellence of Dana Hills High as well as the district. The tennis teams would be hindered if the construction of the theater were to cause an absence of, or a reduction of tennis courts - even if temporarily.

Dear Mr. Lebs -

I just returned from your presentation of the proposed Performing Arts Facility at DHHS. The Overview presentation was lacking forthright ethics. A discussion of the CEQA process talked about an EIR, if necessary, and comments to be included with the MND. Not until pressed, was it disclosed that the actual comment period had closed and the CUSD has exercised its right NOT to include the City of Dana Point in the non-binding review process before the Planning Commission. Since the MND was issued in August 2009, tonight's meeting was meaningless as no comments can challenge the MND but only to go before the board for consideration but not implementation even if a problem was found.

I supported this proposal when initially presented. I lobbied each Dana Point councilperson to support it too. I now feel I have let them down as this MND carefully avoids discussing traffic, was design to minimize public input, and was not transparent in selling this tonight.

My concern is traffic on Golden Lantern. The presentation indicated that the MND identified some traffic issues but they were mitigated by a stop sign. I cannot find in the MND where the stop sign recommendation is.

Copies of the document (IS & MND) were not made available at Dana Point City Hall nor the Dana Point Library, as is custom in Dana Point (including the OC Harbor revitalization plan) for a project in Dana Point. No mention of any traffic mitigation is included. Only two items addressing parking during construction and turning movements are mentioned. No ingress or egress traffic is address nor is parking for the now two times larger new facility (the old one stays).

I submit that this document signed by Cary Brockmun is inadequate.

Consider the following:

The existing Porthole Theater will remain. Thus a 250 seat performing center is still available taking additional parking. It was said during the meeting the seating increase was less than two times.

The IS states (3.2 pg 19) that multifamily units exits to the south. Not true, they are condos.

Environmental Factors potentially Affected (4.2, pg 23) Transportation and Traffic is NOT checked. (A MND will be prepared)

The only traffic addressed (page 26) is that which Caltrans Highway Design manual addresses.

The checklist (page 34)

XV. a) increase in trips per day: Less than significant (Time three of the existing theater is significant)

XV. b) exceed level of service at two intersections: less than significant (not addressed)

XV. i) inadequate parking: Less than significant. (57 new spaces for an additional 30,560 sq ft, at the meeting it was stated at 29,000+)

The Environmental Analysis (Section 5.0)

5.3 e) Within 500 feet of busy traffic corridor (page 47): Traffic on Golden Lantern would not exceed 100,000 vehicles per day. Current volumes are 19,800. Therefore the project is not near a freeway. (How much does the traffic increase? Dana Point would never let it get to 100,000)

5.15 a) Increase in traffic (page 73): Less than significant (no increase because no additional students enrolled, thus no change in LOS. (Does not address the regional impact of the attendance to the new and additional performances)

15.15 i) inadequate parking (page 75): Less than significant, because it removes 52 and provides 54 for a net of two spaces. Dana Point code requires 118 spaces, but there are 561 spaces. (That is a net loss of 116 spaces).

Appendix F

I. Findings (page 2)

C. 1. No additional capacity for new students. (Aren't there three new class rooms?)

C.2. Not projected to generate additional traffic during peak hours. (no traffic study for when in use)

Recommendations

V. B. 2. Off Site (page 19) The city should review traffic after construction to assure it is satisfactory. (And if it is not, then what?)

I live in DanaWoods. At peak hours I cannot turn left, southbound, on Golden Lantern, after football games (not addressed) or graduation (not addressed). What are the cumulative effects of all events at DHHS? In your mind you may think there is no impact. You have not demonstrated that. That is why CEQA was created.kly

V. B. 1. Roadway improvement – on site

School shall coprdinate thearter evnts to not add additional congestion (this admits traffic could be a [problem but is not afddress in the MND or EIR checklist.

Project should maintain currently provided parking. (prer above it will be 116 spaces short)

Ron,
 It was a pleasure meeting you last night..
 I do like the proposal for the new Art's building. I just don't see how the district can afford another 10-15 Million dollars to put it into reality. It would be interesting to see how much has been spent from the original grant so far..this would be an indicator of future costs.
 As I said last night, I see the by-passed charge from the locals as being a major problem. The district needs to mend some big fences with the locals. They need to say "We are sorry for our past overt bad behavior against the community and are willing to make amends".(what a concept!) Then, actually, make amends. I don't see that happening so far. The locals need to be open to receiving the apology. I'm not sure that some are able to do that. But concentrating on the able will win you much needed support from this City. What has been done so far isn't working. What I saw reminds me of a saying....." The definition of insanity is doing the same thing over and over and expecting a different outcome."

I don't think last night was anything more than a start at communication. If there was much of that during the meeting. I saw an inability to duplicate what was being said on both sides. This building looks to be a big hill to climb.

I am not being negative towards your plan, just taking a look as someone who has never been involved with this in the past. Sort of a new perspective, you might say. I haven't had any communication with the district so far. Maybe now is a good time to start. But I would like to think I would be part of a solution rather than more problems. So far by not being involved, I have been part of the problem.

I'm the guy you spoke with outside, after the event, with the white beard. I gave you my card with a MINI Cooper on it.

If you would like, contact me anytime.

Hello,

On July 15, 2010 I attended the public meeting of the proposed PAC and left with no answer to my question " can the school district, city or builder put up wood poles to give us residents of Dana Point as to how this tall building will look on the corner of Stonehill & Golden Lantern"? I'm in favor of a new building for the students. But, it seemed many people were not in favor of the height among other factors such as traffic. It was described as the "tallest building in Dana Point", "60 feet tall" "more than three stories tall". I think it would be a wise idea to place poles where the building as proposed will be built to give us residents an idea of how high this building will be. Thank you,

Re: Meeting of 8/19...Proposed Performing Arts Facility

This note is in lieu of speaking at Thursday's meeting.

Our family has resided north of DHHS @24391 Barbados Drive since February of 1975. Ours was one of the first families to take residence in the new tract.

At the confluence of Barbados and Tesoro a space was left between the two houses for a street that would have continued Tesoro from the tract across what is now Dana Crest Park. That space exists today. The property was long ago deeded to the adjacent property owners. With proper compensation to the property owners an emergency exit from the tract could be constructed. This would mitigate the hopeless traffic crunch at Acapulco and Golden Lantern.

On Friday night home games it is nearly impossible to enter or exit the tract of 243 homes. Add a theater full of performance patrons and the danger to residents will be real and deadly serious.

Our family supports the new facility. With the mitigation outlined it will be a wonderful addition to our community.

Sincerely yours,

SOCSA is fantastic! Most of the negative comments focused on issues that relate to the school as a neighbor – and are primarily DAYTIME issues. I fully support this project. Parking + traffic issues are minimal as DHHS currently runs performances in Porthole and it has minimal impact - Porthole holds 200 people. 450 people in a theater, with typically less than 300 cars is a minimal issue, when compared with normal school activities during the day. Theater activities happen in the evening mostly - Not impact on the neighborhood is minimal.

There is no question that this facility is necessary to DHHHS. Most of the comments addressed problems that are NOT associated with the performing arts facility. Football parking, sports lights, and graduation ARE NOT going to be changed with this project. No additional changes w/ traffic + parking will impact the neighborhood – the # of people visiting will not change. We need this facility. Besides, isn't this being paid for w/ a grant that is specifically for school development?

APPROVAL OF PHASE I ENVIRONMENTAL SITE ASSESSMENT, CAPISTRANO UNIFIED SCHOOL DISTRICT, DANA HILLS HIGH SCHOOL PERFORMING ARTS THEATER, 33333 GOLDEN LANTERN, DANA POINT, ORANGE COUNTY (SITE CODE: 404842)

Dear Mr. Brockman:

The Department of Toxic Substances Control (DTSC) reviewed the "Phase I Environmental Site Assessment" (Phase I) (The Planning Center, September 30, 2009) received on October 27, 2009. The Phase I describes current and historical land uses and identifies environmental conditions for the Dana Hills High School Performing Arts Theater site (Site).

According to the Phase I, the Site is approximately 0.7 acres in size located within the existing Dana Hills High School Campus (School). The Site is currently developed with tennis courts and part of a parking area on the east side of the School. Prior to the construction of the School in 1973, the Site was vacant land. The general surrounding area is primarily residential. The Phase I concludes that there is no evidence of any recognized environmental conditions exist at the site.

Based on the information provided and a site visit conducted by DTSC on November 16, 2009, neither a release of hazardous material nor the presence of a naturally occurring hazardous material, which would pose a threat to public health or the environment under unrestricted land use, was indicated at the Site. DTSC concurs with the conclusion that further environmental investigation of the Site is not required and hereby approves the Phase I.

EXHIBIT D

DTSC approval of the Phase I, pursuant to the Education Code (Ed. Code, § 17213.1, subd. (a)), does not constitute a determination that "all appropriate inquiry" has been conducted within the meaning of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. § 9601(35)(B)). DTSC review of the Phase I was conducted solely to identify recognized environmental conditions at this site in accordance with requirements of the Education Code, and to determine whether further investigation is necessary prior to DTSC approval of this site for future school use.

Pursuant to Education Code section 17213.2, subdivision (e), if a previously unidentified release or threatened release of a hazardous material or the presence of a naturally occurring hazardous material is discovered anytime during construction at the site, the District shall cease all construction activities at the site and notify DTSC. Additional assessment, investigation, or cleanup may be required.

If you have any questions regarding the project, please contact me at (714) 484-5476.

Sincerely,

CAPISTRANO UNIFIED SCHOOL DISTRICT
San Juan Capistrano, California

October 12, 2010

TO: Anna Bryson, President
and Members
Board of Trustees, Capistrano Unified School District

FROM: Joseph M. Farley, Superintendent

SUBJECT: **CAPISTRANO CONNECTIONS ACADEMY CHARTER RELEASE
FROM SPECIAL EDUCATION LOCAL PLAN AREA**

BACKGROUND INFORMATION

Charter schools are independently owned and operated public schools and are required to comply with special education laws and regulations. Because the Capistrano Unified School District (CUSD) is a single district Special Education Local Plan Area (SELPA), charter schools in CUSD are considered “schools of the District” for special education purposes.

Capistrano Connections Academy Charter School provides educational services utilizing a full-time independent study format and on-line coursework. This on-line “virtual school” is operated by an independent nonprofit corporation, Connections Academy, LLC. The curriculum conforms to California content standards. The program is offered to students throughout southern California.

Capistrano Connections Academy’s original petition was approved for five years by the CUSD Board of Trustees on June 14, 2004. Capistrano Connections Academy opened its doors in the fall of 2004 with 125 K-8 grade students. On May 11, 2009, the CUSD Board of Trustees approved the charter renewal for Capistrano Connections Academy from July 1, 2009, to June 30, 2014. Currently, Capistrano Connections Academy offers a K-12 grade program with approximately 1,000 students enrolled during the 2009-2010 school year. Approximately 73 of these 1,000 students reside within CUSD boundaries and seven students were identified as special education students. Capistrano Connections Academy is fiscally independent and is responsible for the delivery of special education services to its students.

CURRENT CONSIDERATIONS

CUSD received formal written notice from Capistrano Connections Academy, dated June 21, 2010, exercising its right to be deemed a Local Education Agency (LEA) for special education purposes and join Tulare County SELPA. Education Code requires that charter schools provide one year advance notification of a change in SELPA. Given that Capistrano Connections Academy services students throughout southern California, CUSD is supportive in facilitating this request to transfer the SELPA oversight to Tulare County. CUSD will make this transfer

once Tulare County takes official action to accept Capistrano Connections Academy and California Department of Education (CDE) approves this change, redirecting funding to the new SELPA.

FINANCIAL IMPLICATIONS

Beginning with the 2010-2011 fiscal year, CUSD began deducting the “fair share” contribution of \$400 per ADA from the Capistrano Connections Academy. Once Capistrano Connections Academy is transferred to the Tulare SELPA, CUSD will not collect this additional funding per ADA. Due to the liability that is assumed in oversight of Capistrano Connection Academy’s special education programs throughout southern California, this financial impact will be mitigated.

STAFF RECOMMENDATIONS

It is recommended the Board of Trustees approve the release of Capistrano Connections Academy from CUSD SELPA as a school of the District for special education. Upon Board approval, official separation of Capistrano Connections Academy from CUSD SELPA will occur when final notification is received from CDE to accept the changes in the Capistrano Connections Academy SELPA designation and funding is redirected to Tulare County SELPA.

SUBJECT: **PUBLIC HEARING: RESOLUTION NO. 1011-28 STATEMENT OF
ASSURANCE FOR THE INSTRUCTIONAL MATERIALS FUNDING
REALIGNMENT PROGRAM**

BACKGROUND INFORMATION

California Education Code §60119 specifies that a public hearing shall be held in order to receive funding for the Pupil Textbook and/or Instructional Materials Realignment Program. Education Code §60252 specifies that all purchases of instructional materials made from the State Instructional Materials Fund shall conform to law and the applicable rules and regulations.

Education Code §60119 further specifies the Governing Board shall hold a public hearing that encourages participation by parents, teachers, members of the community, and bargaining unit leaders. The Board of Trustees shall make a determination through a resolution as to whether each pupil in each school in the District has sufficient textbooks and/or instructional materials in each of the following subjects:

- English/Language Arts
- History/Social Science
- Health
- Mathematics
- Science
- Science laboratory equipment
- World Languages

CURRENT CONSIDERATIONS

This agenda item requests the Board hold a public hearing to consider adopting Resolution No. 1011-28, the Statement of Assurance for Instructional Materials Funds (Exhibit A). The Statement of Assurance is required for the 2010-2011 fiscal year per Education Code §60252 and needs to be approved in the first eight weeks of school per the conditions of the Williams Lawsuit settlement.

The Statement of Assurance verifies that each pupil in each school has sufficient textbooks and/or instructional materials aligned with the content standards and consistent with the content and cycles of the curriculum framework.

Exhibit B provides a table of textbooks and instructional materials for all students in specified grades in Capistrano Unified School District.

FINANCIAL IMPLICATIONS

There is no specific financial impact.

STAFF RECOMMENDATION

Following a public hearing, it is recommended the Board of Trustees approve Resolution No. 1011-28, Statement of Assurance for Instructional Materials Funds, Fiscal Year 2010-2011 (Exhibit A).

DISCUSSION/ ACTION

CAPISTRANO UNIFIED SCHOOL DISTRICT

RESOLUTION NO. 1011-28

**RESOLUTION REGARDING SUFFICIENCY OR INSUFFICIENCY OF INSTRUCTIONAL
MATERIALS**

Whereas, in order to comply with the requirements of Education Code §60119, the Governing Board of the Capistrano Unified School District held a public hearing on October 12, 2010, at 7:00 p.m., which is on or before the eighth week of school and which did not take place during or immediately following school hours, and;

Whereas, the Governing Board provided notice of the public hearing posted in at least three public places within the District that stated the time, place, and purpose of the hearing, and;

Whereas, the Governing Board encouraged participation by parents, teachers, members of the community, and bargaining unit leaders in the public hearing, and;

Whereas, information provided at the public hearing and to the Governing Board at the public meeting detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the Capistrano Unified School District, and;

Whereas, the definition of "sufficient textbooks or instructional materials" means that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and;

Whereas, sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the following subjects: English/Language Arts, History/Social Science, Mathematics, Science, Health and/or World Languages, and laboratory science equipment was available for science laboratory classes offered in Grades 9-12. (A list of instructional materials for all of these subjects for each grade level throughout the District is attached, Exhibit B);

Therefore, it is resolved that for the 2010-2011 school year, the Governing Board of the Capistrano Unified School District has provided each pupil with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

SUBJECT: **SUMMARY OF 2010 ANNUAL PROGRESS REPORT**

BACKGROUND INFORMATION

California's comprehensive accountability system monitors the academic achievement of all the state's public schools, including charter schools, and local educational agencies that serve students in kindergarten through grade twelve. This accountability system is based on state requirements, established by the Public Schools Accountability Act of 1999 and on federal requirements established by the No Child Left Behind Act of 2001.

The California Department of Education reports both state and federal accountability results under the general state-heading of the Accountability Progress Reporting system. State-required reports include Base and Growth Academic Performance Index results. Federal-required reports include Adequate Yearly Progress and Program Improvement results. These reports were released on September 13, 2010.

SUBJECT: **HIGH SCHOOL PILOT COURSE, SKATEBOARDING**

BACKGROUND INFORMATION

San Clemente High School would like to pilot a new physical education elective called Skateboarding. There is great interest from the school and community to provide the course, which would meet CUSD's physical education graduation requirement. The addition of this course to the physical education curriculum would engage the interest of a large segment of our student population. It would also provide necessary safety education for the already popular student activity.

CURRENT CONSIDERATIONS

This agenda item presents for Board consideration the approval of Skateboarding (Exhibit A) to be piloted in the 2010-2011 school year at San Clemente High School. The City of San Clemente, in partnership with the school, has worked to provide the off-campus skateboarding facility. Attached is a Conditional Use Permit from the City of San Clemente for the use of Ralph's Skate Court (Exhibit B). With Board approval, ASCIP will indemnify the City of San Clemente for Skateboarding, as with all other District-sponsored programs.

FINANCIAL CONSIDERATIONS

There is no financial impact.

STAFF RECOMMENDATIONS

It is recommended the Board President recognize Julie Hatchel, Assistant Superintendent, Education Services, to present the proposal for a high school skateboarding pilot course.

Following discussion, it is respectfully recommended the Board of Trustees approve the high school skateboarding pilot course for the 2010-2011 school year.

SUBJECT: **SECOND READING: BOARD POLICY 4313 REVISION,
MANAGEMENT/SUPERVISORY AND CONFIDENTIAL SERVICE DAYS**

BACKGROUND INFORMATION

During the 1999-2000 school year, CUSD school principals moved from a positive work year to a 12 month calendar. This policy change provided school principals, certificated site administrators, rights and privileges beyond what is required by law by accruing paid vacation days. A positive work year is the customary calendar for site administrative positions.

CURRENT CONSIDERATIONS

On June 29, 2010, Trustees approved CUMA concessions as part of the 2010-2011 budget adoption. On August 3, 2010, the details of these were approved by Trustees, including returning site administrators to a positive work calendar. In addition, adjustments to days of service were also made.

This item seeks Trustee consideration to revise Board Policy 4313, Management/Supervisory and Confidential Service Days to align with the new current practice.

Changes are in bold; deletions are struck through.

FINANCIAL IMPLICATIONS

There is no financial impact.

STAFF RECOMMENDATION

It is recommended the Board President recognize Jodee Brentlinger, Assistant Superintendent, Personnel Services who will present the proposed revisions to Board Policy 4313, Management/Supervisory and Confidential Service Days (Exhibit A). SUBJECT: **REVISION OF BOARD POLICY 6161.2, DAMAGED OR LOST
INSTRUCTIONAL MATERIALS**

BACKGROUND INFORMATION

Current Board Policy 6161.2, adopted on February 8, 1999, recognizes that instructional materials are an expensive resource. The policy also states that the Superintendent or designee may establish procedures in accordance with the law to protect instructional materials from damage or loss.

When materials are lost or damaged, the student is responsible for the current cost of replacement. If the fees are not paid by the student/parent/guardian, the current policy allows for the District to withhold a student's grades, diploma, or transcript, as written in California code (cf. 5125.2).

CURRENT CONSIDERATIONS

Recently, the use of *Schoolloop* at school sites in CUSD has increased access to a student's grades, which can be viewed at any time. The consequence of withholding grades no longer motivates students to pay for lost or damaged materials. Therefore, a revision to the current Board policy is warranted to reflect the changing times. Deletions are struck through; revisions are underlined.

FINANCIAL IMPLICATIONS

There is no financial impact.

STAFF RECOMMENDATION

It is recommended the Board President recognize Julie Hatchel, Assistant Superintendent, Education Services, who will provide the revision of Board Policy 6161.2, Damaged or Lost Instructional Materials. It is recommended the Board approve revisions to Board Policy 6161.2.

DISCUSSION/
ACTION

DAMAGED OR LOST INSTRUCTIONAL MATERIALS

The Governing Board recognizes that instructional materials are an expensive resource. The Superintendent or designee may establish procedures in accordance with law to protect instructional materials from damage or loss.

Instructional materials provided for use by students remain the property of the District. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

When materials are lost or so damaged that they are no longer usable, the student shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine a lesser charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student/parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the District, or site, may withhold the student's ~~grades~~ diploma, ~~and~~ transcripts, and delay summer pre-registration activities until debts are paid. In addition, sites may withhold privileges such as receiving a yearbook, buying a parking permit, or purchasing a ticket to an extra-curricular event.

SUBJECT: **PROGRESS UPDATE, DIVISION OF STATE ARCHITECT
CONSTRUCTION PROJECT LISTING**

BACKGROUND INFORMATION

In October 2008 the District received a letter from the Division of State Architect (DSA), requesting the District inform the Board of Trustees regarding the potential liability of any projects closed, but not certified, by DSA. At the February 9, 2009, Board of Trustees meeting, staff presented a status report on these outstanding construction projects. This agenda item is a continuation of that initial report, updating Trustees on the progress made toward closing, with certification, outstanding DSA applications.

CURRENT CONSIDERATION

Exhibit A is an update on the progress being made to close out outstanding applications. Certification and close of file reports for outstanding applications are attached for Trustee review.

FINANCIAL IMPLICATIONS

There is no financial impact at this time. There will be a fee to reopen the closed applications to finalize and close them with certification when all documentation is completed.

STAFF RECOMMENDATION

It is recommended the Board President recognize Ron Lebs, Deputy Superintendent, Business and Support Services, and John Forney, Director, Maintenance, Operations and Construction, who will provide the DSA Update and answer any questions Trustees may have. This is an information item only and no Board action is necessary.
