## ***Introduction***

---

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 87-1 ("CFD No. 87-1") of the Capistrano Unified School District (the "School District") resulting from the sale of the \$44,370,000 Series 1989 Special Tax Bonds (the "1989 Bonds") and the \$36,170,000 Series 1990 Special Tax Bonds (the "1990 Bonds") which were refunded by the sale of the \$42,640,000 Series 1996A Special Tax Refunding Bonds (the "1996A Bonds") and the \$38,910,000 Series 1996B Special Tax Refunding Bonds (the "1996B Bonds") in August 1996. In June 2006, the 1996A Bonds and 1996B Bonds were refunded by the sale of the \$71,810,000 Series 2006 Special Tax Refunding Bonds (the "Bonds"). In addition to refunding the prior bonds, the 2006 Bonds were used to finance additional facilities for the CFD No. 87-1.

CFD No. 87-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982 (the "Act"), as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 87-1 is authorized to issue up to \$120,110,000 in bonds and has sold \$80,540,000 in 1989 Bonds and 1990 Bonds plus \$2,230,000 and \$17,295,000 in new money in the 1996B Bonds and 2006 Bonds, respectively. The proceeds from the 1989, 1990, 1996B, and 2006 Bonds are to be used for the construction of certain elementary, intermediate and high school facilities necessary to serve the new students projected to be generated by development of the community facilities district.

The bonded indebtedness of CFD No. 87-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within the community facilities district. In calculating the special tax liability for fiscal year 2013-2014, this report not only examines the financial obligations of the current fiscal year, but also analyzes the amount of new development which has occurred and the results of the previous fiscal year's levy, including delinquencies.

A map showing the property in CFD No. 87-1 is included in Exhibit A.

This report is organized into the following sections:

### **Section I**

Section I provides an update of the development activity occurring within CFD No. 87-1. All new development is identified, including new cumulative figures for "Developed Property" and "Undeveloped Property."

### **Section II**

Section II examines the financial activity in the funds and accounts established pursuant to the Bond Indenture relating to the Series 2006 Special Tax Refunding Bonds (the "2006 Indenture"). A year-to-date summary illustrating all disbursements, special tax receipts and interest earnings is provided.

### **Section III**

Section III analyzes the fiscal year 2012-2013 special tax levy and includes a discussion of delinquent special taxes.

### **Section IV**

Section IV determines the financial obligations of CFD No. 87-1 for fiscal year 2013-2014.

### **Section V**

Section V reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the 2013-2014 special taxes for each classification of property is included.

---

## ***I. Special Tax Classifications and Development Update***

---

### **Special Tax Classifications**

In August of each fiscal year, the School District determines the special taxes to be levied against the property within CFD No. 87-1 that is subject to the special tax. The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment of the Special Tax. The Rate and Method of Apportionment defines two categories of property, namely "Developed Property" and "Undeveloped Property." The category of Developed Property is in turn divided into eight separate special tax classifications which vary with dwelling unit size and type for residential development and acreage for commercial development. A table of the Developed Property special tax classifications is shown below.

**Community Facilities District No. 87-1  
Developed Property Classifications**

| <b>Class</b> | <b>Designation</b>         |                    |
|--------------|----------------------------|--------------------|
| 1            | Single Family Detached     | ≥3,500 s.f.        |
| 2            | Single Family Detached     | 2,400 - 3,499 s.f. |
| 3            | Single Family Detached     | 1,700 - 2,399 s.f. |
| 4            | Single Family Detached     | <1,700 s.f.        |
| 5            | Single Family Attached     | ≤1,100 s.f.        |
| 6            | Single Family Attached     | <1,100 s.f.        |
| 7            | Apartment/Mobile Home Unit | NA                 |
| 8            | Commercial/Industrial      | NA                 |

Developed Property is distinguished from Undeveloped Property by the close of escrow for single family residential units (Classes 1-6), the issuance of a building permit for commercial property (Class 8), and the issuance of a certificate of use and occupancy for apartments (Class 7). Specifically, single family residential property for which escrow closed, commercial property for which a building permit was issued, or apartment units for which a certificate of use and occupancy was issued as of June 30 will be classified as Developed Property in the following fiscal year. For example, all property in CFD No. 87-1 for which the aforementioned occurred as of June 30, 2013, will be classified as Developed Property in fiscal year 2013-2014. Hence, the development research discussed below focuses on the twelve month period ending June 30, 2013.

## **Development Update**

CFD No. 87-1 encompasses approximately 3,982 gross acres of land within the County of Orange, California. Located in the southern portion of the County, the CFD is a part of the 6,600-acre Aliso Viejo Planned Community and the 10,000 acre Mission Viejo Planned Community.

Background research was conducted to determine the amount and type of development activity that occurred during the twelve month period ending June 30, 2013. Review of the City of Aliso Viejo and City of Mission Viejo building permit records indicated that permits were issued for additions to residential property which were already considered and taxed as Developed Property last year. In addition, 64 new single family detached units closed escrow and 83 new single family attached units closed escrow, resulting in 16,270 single family residential units and 5,133 apartment/mobile home units being considered Developed Property. Approximately 568 acres of commercial property have been developed. Approximately 51 acres remain to be developed, 49 of which are in Improvement Area No. 1.

The table on the following page lists the aggregate amount of Developed Property by special tax classification.

## ***II. Funds and Accounts***

---

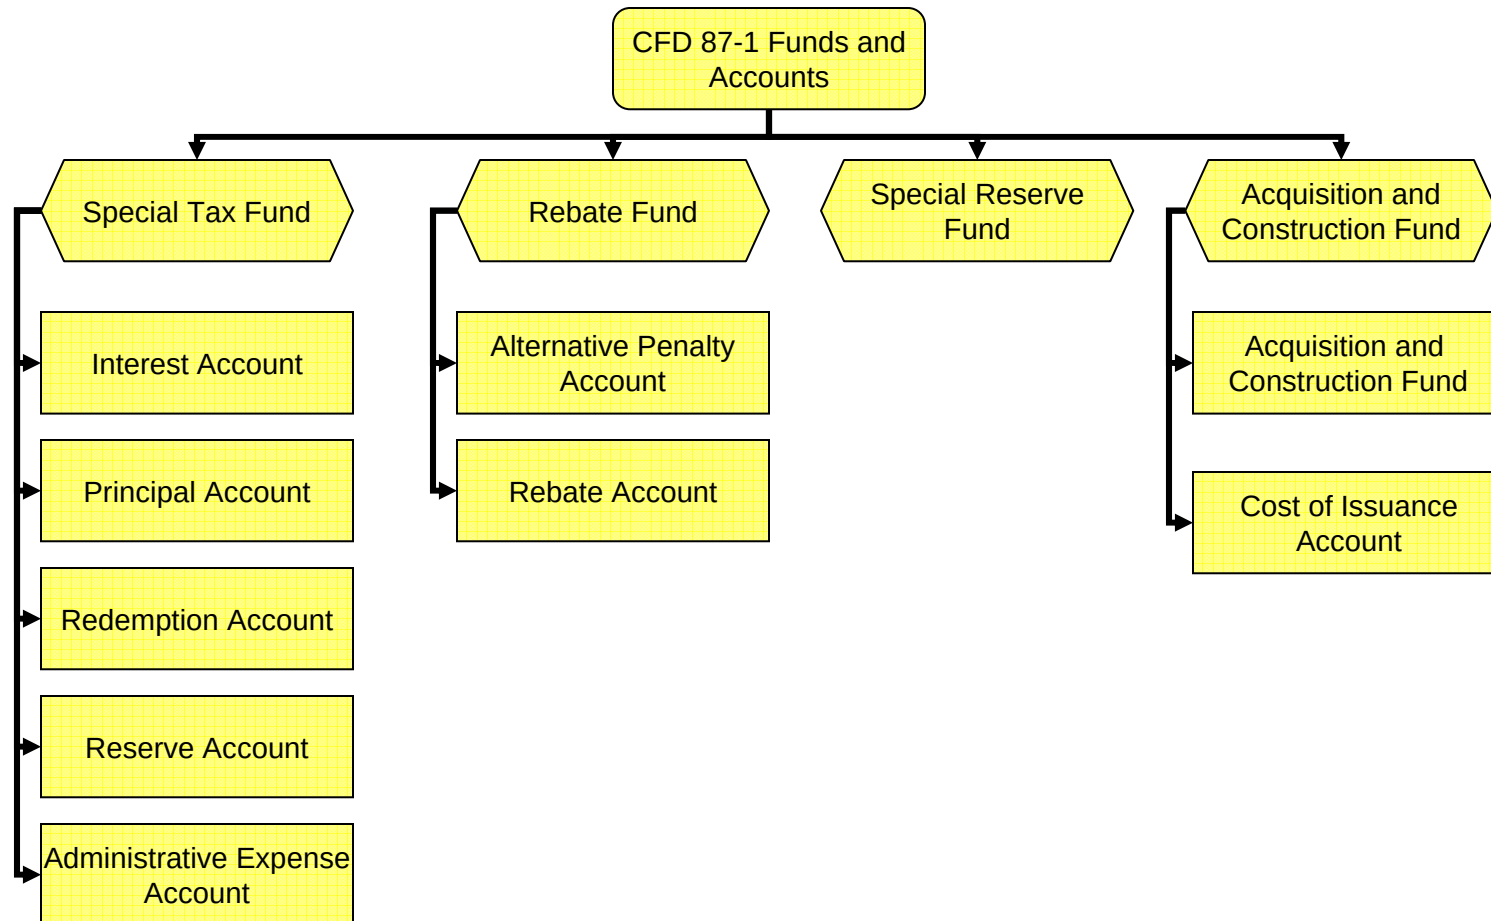

### **Description of Funds and Accounts**

The 2006 Indenture established four funds for the Bonds. They are the Special Tax Fund, Acquisition and Construction Fund, Rebate Fund, and Special Reserve Fund. Within the Special Tax Fund five additional accounts were created. These are the Interest Account, Principal Account, Redemption Account, Reserve Account, and Administrative Expense Account. In addition, within the Rebate Fund, the Alternative Penalty Account and Rebate Account were created. Furthermore, an Acquisition and Construction Fund and Costs of Issuance Account were created within the Acquisition and Construction Fund. A chart of the funds and accounts established by the 2006 Indenture is included on the following page.

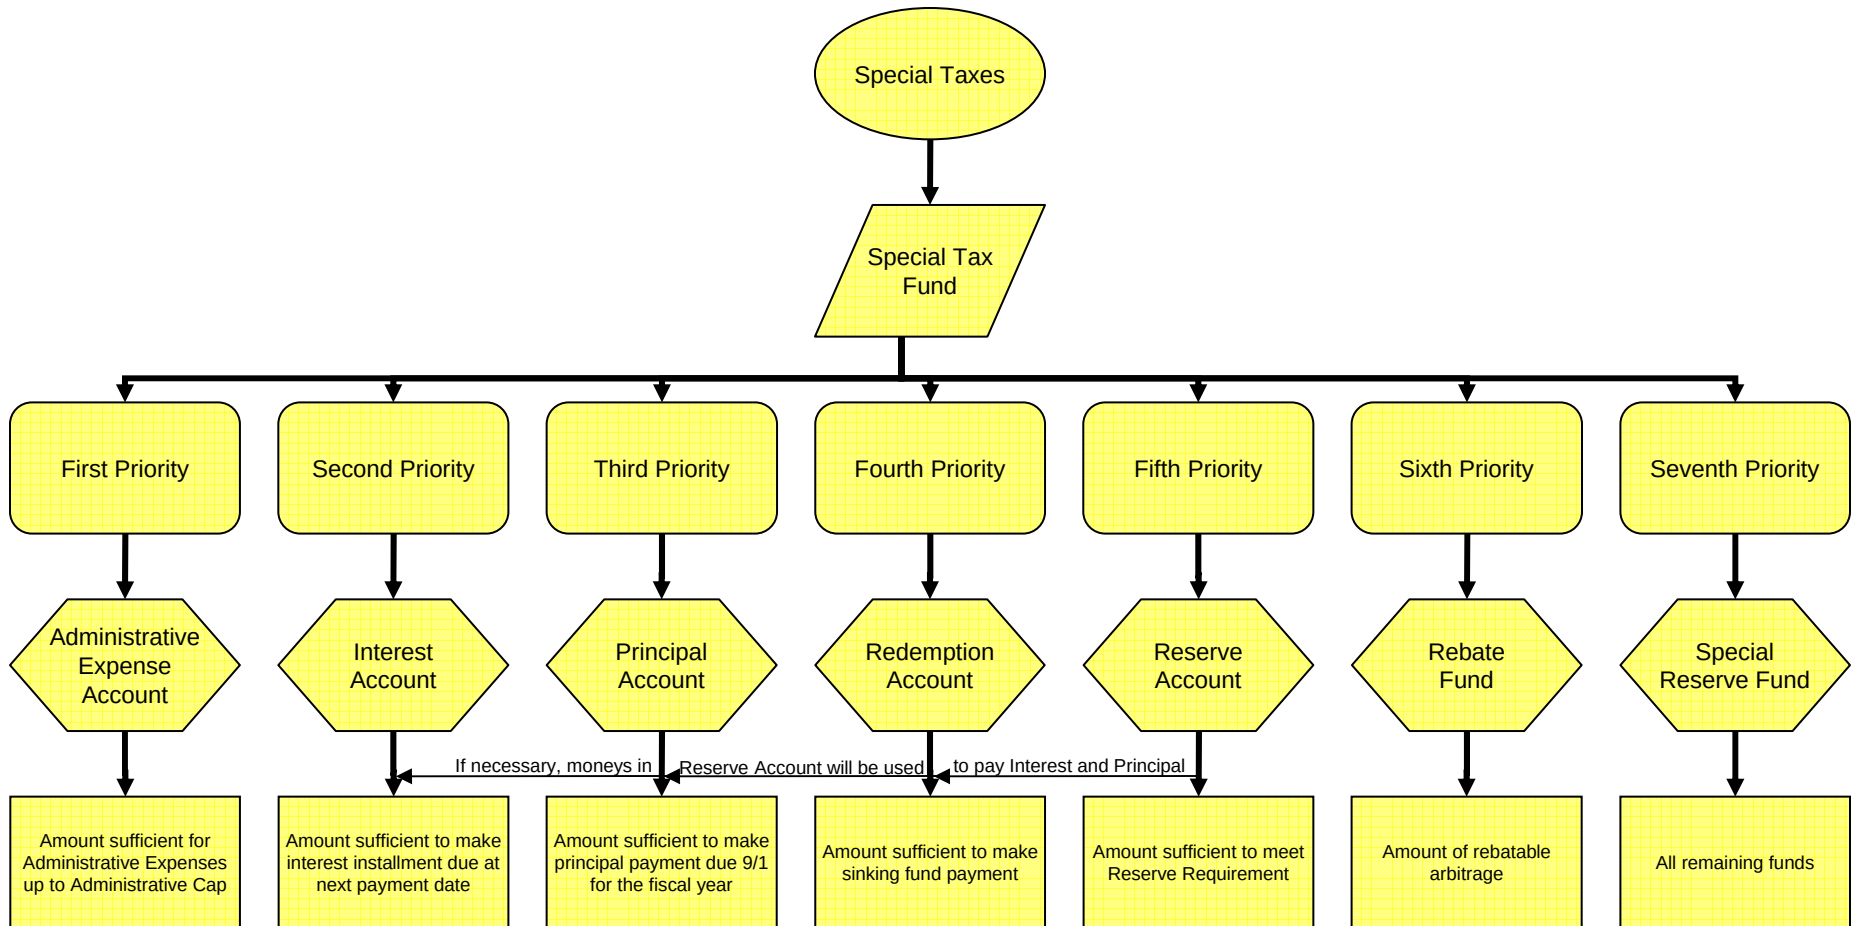

All receipts from the annual collection of special taxes for CFD No. 87-1 are deposited in the Special Tax Fund, which is administered by the Fiscal Agent. The 2006 Indenture instructs the Fiscal Agent to transfer the special taxes to other funds and accounts in the amount and priority set forth below (see flowchart):

1. **Administrative Expense Account of the Special Tax Fund** - an amount necessary to defray the School District's cost of administering CFD No. 87-1 for the fiscal year, up to the Administrative Expense Cap, provided however that any amounts in excess of the Administrative Expense Cap shall not take priority over items 2 and 3 below;
2. **Interest Account of the Special Tax Fund** - an amount sufficient to make the interest payment on the next succeeding Interest Payment Date;
3. **Principal Account of the Special Tax Fund** - an amount sufficient to make the principal payment due on the following September 1;
4. **Redemption Account of the Special Tax Fund** - an amount sufficient to make any Sinking Fund Payments due on the Bonds for the fiscal year as well as any principal and premium payments due in relation to the School District's optional redemption of the Bonds;
5. **Reserve Account of the Special Tax Fund** - any amount that may be necessary to replenish this account to the Reserve Requirement;
6. **Rebate Fund** - any money owed to the Department of the United States Treasury as required under the Indenture;
7. **Special Reserve Fund** - all money remaining in the Special Tax Fund after the above six disbursements are made will be transferred to the Special Reserve Fund.

Flow of Funds Diagram**

The Reserve Requirement is an amount equal to the lesser of (i) ten percent (10.00%) of the original proceeds of the Bonds, (ii) maximum annual debt service on the Bonds, or (iii) one hundred twenty-five percent (125.00%) of the average annual debt service on the outstanding Bonds.

The Acquisition and Construction Fund is used exclusively to pay project costs and cost of issuance for the Bonds. Upon verification that any money amounts remaining in the Acquisition and Construction Fund are no longer needed to pay Project Costs or Costs of Issuance, the Fiscal Agent will transfer all or such specified portion of the remaining money on deposit in one or more of the accounts in the Acquisition and Construction Fund to the Special Reserve Fund.

Money held in any of the aforementioned funds, accounts and subaccounts can be invested by the Fiscal Agent at the direction of the School District and in conformance with the limitations set forth in the Indenture. Investment interest earnings on all amounts deposited in the Acquisition and Construction Fund, the Special Reserve Fund, and the Rebate Fund and each Account therein shall be deposited in those respective Funds and Accounts. Investment interest earnings on all amounts deposited in the Reserve Account shall be deposited in the Interest Account of the Special Tax Fund. All other investment earnings shall be deposited in the Acquisition and Construction Fund until the balance therein equals zero and thereafter shall be deposited in the Interest Account of the Special Tax Fund.

## Sources and Uses of Funds (Series 2006 Bonds)

CFD No. 87-1's Series 2006 sources of funds for fiscal year 2012-2013 totaled \$13,907,559. This consisted of \$10,710,376 in special taxes and \$99,429 in investment agreement earnings and \$97,754 in interest earnings not in investment agreements. In addition, CFD No. 87-1 received \$3,000,000 from Capistrano Unified School District for unapportioned school monies. Interest earnings are shown for each account in the table below.

**Table of Interest Earnings**

|                                   |          |

| Rebate Fund                       | \$0      |
| Cost of Issuance Account          | \$0      |

Uses of funds for the Series 2006 Bonds for fiscal year 2012-2013 totaled \$17,736,345. Interest and principal payments on the 2006 Bonds equaled \$2,149,600 and \$4,880,000, respectively. Payments for the acquisition and construction of public facilities totaled \$10,601,881. Payments for professional services equaled \$104,864.

A detailed analysis of all transactions within these funds and accounts for the 2012-2013 fiscal year is included as Exhibit B.

## Account Balances

At the close of fiscal year 2012-2013, the various funds and accounts established for the 2006 Bonds had the following balances:

|                                   |              |
|-----------------------------------|--------------|

### ***III. Fiscal Year 2012-2013 Special Tax Levy***

---

The special tax levy for CFD No. 87-1 for fiscal year 2012-2013 equaled \$10,596,177. As of July 25, 2013, \$10,516,099 in special taxes had been collected by the County. A total of \$80,077 in special taxes are delinquent, resulting in an overall delinquency rate of approximately 0.76 percent.

As a participant in the Teeter Program, the School District will receive an apportionment from the County equal to the delinquent unpaid special taxes for fiscal year 2012-2013. This apportionment is anticipated to occur early in fiscal year 2013-2014.

In addition to the Teeter Program, CFD No. 87-1 has covenanted to commence foreclosure proceedings against (i) parcels with delinquent special taxes in excess of \$10,000 and (ii) all properties with delinquent special taxes if the delinquency rate exceeds five percent (5.00%). Based upon the current level of delinquencies, it is possible that CFD No. 87-1 will be required to commence foreclosure proceedings against one parcel if the special taxes are not paid.

In addition, the District approved a foreclosure resolution on December 7, 2010 against one parcel located in CFD No. 87-1, which exceeded the delinquent special tax threshold of \$10,000 as of December 2010. Special taxes in the amount of \$28,424.81 for this parcel remain unpaid as of July 29, 2013.

## ***V. Method of Apportionment***

---

### **Maximum Special Taxes**

The amount of special taxes that CFD No. 87-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The maximum special taxes are specified in Section C of the Rate and Method of Apportionment.

The initial maximum special taxes for each classification of Developed Property, which escalate in each fiscal year, are set forth in Table 1 of Section C. The rate of escalation is two tiered and changes after the first fiscal year in which the parcel is classified as Developed Property. Specifically, the maximum special tax for a parcel of Developed Property is equal to the applicable initial special tax in Table 1 escalated at a rate equal to the percentage increase in the Engineering News Record Construction Cost Index measured from July 1 of the preceding year, but not less than 2 percent and not to exceed 10 percent per annum to the first year in which that parcel was classified as Developed Property and then two percent annually thereafter to the year in which the special tax is being levied. As of July 1, 2013, the annual increase in the Construction Cost Index was 0.1%. Consequently, parcels assigned to the same classification may have different maximum special taxes depending on when each parcel was developed.

### **Apportionment of Special Taxes**

The amount of the special tax requirement that is apportioned to each parcel is determined through the application of Section D of the Rate and Method of Apportionment. Section D apportions the special tax requirement in three steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that a special tax shall be levied on all Developed Property at up to 87 percent of the applicable maximum special tax for each land use class and up to \$100 per acre of Undeveloped Property.

If the special taxes raised pursuant to the first step are less than the special tax requirement, then the special tax shall be levied on all Developed Property at up to 100 percent of the applicable maximum special tax for each land use class and up to \$115 per acre of Undeveloped Property.

If the special taxes raised in the first two steps are less than the special tax requirement, then the third step, which raises the special tax per Undeveloped acre from \$115 to \$1,000 per acre, is applied.

The Rate and Method of Apportionment for Improvement Area No. 1 further states that if additional funds are needed to pay debt service or other obligations of the Improvement Area after the above collection of special taxes and other transfers of funds consistent with the Indentures, then the Improvement Area special tax will be levied. This special tax is levied on all parcels of Taxable (Undeveloped) Property in Improvement Area No. 1 at up to 100 percent of the maximum special tax per acre.

Application of the maximum special taxes under the first two steps generates special tax revenues of \$10,895,851 from Developed Property and \$5,911 from Undeveloped Property, which is more than sufficient to meet the special tax requirement. Therefore, the fiscal year 2013-2014 special tax for each parcel of Developed Property is equal to approximately 98 percent of the maximum special tax for Developed Property. The fiscal year 2013-2014 special tax for each parcel of Undeveloped Property is equal to approximately 98 percent of the step two special tax amount of \$115 per acre, and approximately 11 percent of the maximum special tax of \$1,000 per acre. The fiscal year 2013-2014 actual and maximum special taxes are shown for each classification of Developed Property and Undeveloped Property in the tables below and the charts on the following pages. The Special Tax Roll which lists the actual special tax levied against each parcel in CFD No. 87-1 is included as Exhibit C.
