

NEGATIVE ARGUMENTS

Don't be fooled. Incl interest, this bond will cost taxpayers about \$250M, will take property owners more than 35 yrs to pay off

People are having a hard time making ends meet with high cost of living, especially seniors, those on fixed incomes; now is NOT the time to be raising taxes

Federal Tax Reform bill caps State income, property tax deductions at \$10K; many property owners will pay more tax; can't afford to raise taxes again with bond

We can't trust District with this tax, they will mismanage money or spend it on their own pet projects
