

TRAVEL EXPENSES

The Board of Trustees recognizes that District employees may incur expenses in the course of performing their assigned duties and responsibilities. To ensure the prudent use of public funds, the Superintendent or designee shall establish rules to keep such expenses to a minimum while affording employees a reasonable level of safety and convenience.

(cf. 9250 - Remuneration, Reimbursement and Other Benefits)

The Board shall authorize payment for actual and necessary travel expenses incurred by any employee performing authorized services for the District, whether within or outside District boundaries. (Education Code § 44032)

The Superintendent or designee shall establish procedures for the approval of travel requests and the submission and verification of expense claims. He/she also shall establish reimbursement rates in accordance with law and Board policy.

An employee shall obtain approval from the Superintendent or designee prior to traveling. The Superintendent or designee may approve travel requests in accordance with the adopted budget and upon determining that the travel is authorized or assigned by the employee's supervisor, is necessary to attend a conference or other staff development opportunity that will enhance employee performance, and/or is otherwise necessary to the performance of the employee's duties. Travel expenses not previously budgeted may be approved on a case-by-case basis by the Superintendent or designee if he/she determines that the travel is essential and that resources may be obtained or redirected for this purpose.

All out-of-state travel for which reimbursement will be claimed shall be approved in advance by the Superintendent.

Reimbursable travel expenses may include, but are not limited to, costs of transportation, parking fees, bridge or road tolls, lodging when District business reasonably requires an overnight stay, registration fees for seminars and conferences, telephone and other communication expenses incurred on District business, and other necessary incidental expenses.

The District shall not reimburse personal travel expenses including, but not limited to, tips or gratuities, alcohol, entertainment, laundry, expenses of any family member who is accompanying the employee on District-related business, personal use of an automobile, and personal losses or traffic violation fees incurred while on District business.

TRAVEL EXPENSES (continued)

Except as otherwise provided, reimbursement of travel expenses shall be based on actual expenses as documented by receipts.

Authorized employees shall be reimbursed for the use of their own private vehicles in the performance of assigned duties, on either a mileage or monthly basis as determined by the Superintendent or designee. (Education Code § 44033)

The mileage allowance provided by the District for employees' use of their private vehicles shall be equal to the rate established by the Internal Revenue Service.

Vehicles should be shared whenever possible to minimize travel costs. No employee shall be entitled to reimbursement for automobile travel when he/she is transported free of charge or by another employee who is entitled to the expense reimbursement.

The Superintendent or designee shall establish a per diem allowance for meal costs incurred while traveling on District business based on the location and hours of travel. The per diem allowance shall not exceed the standard meal allowance for business-related travel prescribed for federal income tax purposes. The Board has established a policy consistent with the federal Government Services Administration per diem rates for meal reimbursement for required travel.

Any expense that exceeds the maximum rate of reimbursement established by the District shall be reimbursed only with the approval of the Superintendent or designee.

All expense reimbursement claims shall be submitted on a District Travel Expense Statement, within ten working days following return from travel when possible. The District Travel Expense Statement shall be accompanied by receipts and any explanation necessary to document that the expenses meet District criteria for reimbursement.

The Superintendent or designee shall approve expense claims only upon verifying that all necessary documentation is provided and that all expenses are appropriate and related to District business. If an expense claim is disallowed due to lack of documentation or inappropriate expenses, the employee may be personally responsible for any improper costs incurred.

When necessary, the Superintendent or designee may approve a cash advance, not-to-exceed the estimated out-of-pocket reimbursable expenses, to an employee authorized to travel on District business. Within ten working days following return from travel, the employee shall submit a final accounting with all necessary supporting documentation. He/she shall refund to the District any amount of cash advance exceeding the actual approved reimbursable expenses.
