HIGH SCHOOL GRADUATION REQUIREMENTS (continued)**Assembly Bill 104 Graduation Requirement Exemption**

AB-104 Pupil instruction: retention, grade changes, and exemptions (July 1, 2021) added § § 48071, 49066.5, and 51225 to Education Code. These statutes prescribe that the Local Education Authority (LEA) must allow high school students who were in their third or fourth year of high school during the 2020-2021 school year, and who were not on track to graduate in four years, to be exempt from all of the LEA's graduation requirements that exceed statewide requirements. These students must still meet statewide coursework requirements to graduate and can be provided the opportunity to do so through completion of a fifth year of high school instruction, credit recovery, or some other manner.

The Superintendent or designee shall establish regulations under which the District may grant credits toward graduation for college courses and private instruction attended by District students.

The Superintendent or designee may grant physical education credit for independent study programs. Specifically, only individual sports with national competitive rankings are eligible for consideration under this provision. The Superintendent or designee shall establish regulations governing independent study physical education requirements.

The Superintendent or designee may grant physical education credit for participation in District interscholastic athletic programs when a student has been exempted from physical education classes because of this participation and when such participation entails a comparable amount of time and physical activity.

Students using interscholastic athletics participation to fulfill physical education requirements may be graded on this participation, provided that a teacher credentialed to teach physical education supervises this participation and assigns the grade.

2. Transfers

To participate in a graduation ceremony and receive a diploma from a District comprehensive high school, a student must be enrolled prior to the first day of the spring semester. These students must successfully complete 25 District credits (*20 District credits for the class of 2021). Students who transfer in the fall semester of their senior year must successfully complete 50 District credits.

- a.** The District shall exempt, from any District-adopted graduation requirements that are in addition to the state requirements specified in Education Code 51225.3, a foster youth, homeless student, former juvenile court school student, child of a military family, or migrant student who transfers into the District or between District high schools any time after completing the second year of high school, or

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

an immigrant student who is in the third or fourth year of high school, unless the District makes a finding that the student is reasonably able to complete the District's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school. Additionally, children of military families may be eligible for specific waivers from the District's graduation requirements in accordance with Education Code 49701.

b. Reciprocity on Graduation Requirements

Students in Grades 9-12 transferring to this District from schools outside of California must meet District graduation requirements in order to receive a high school diploma, subject to the exceptions set forth in Education Code sections 51225.1-51225.2.

c. Transfer credits are accepted from accredited institutions only, subject to the exceptions set forth in Education Code sections 51225.1-51225.2.

d. Courses from the transferring district which are designated as honors courses will not receive honors credit if there is not a corresponding District course of the same title with the same description, subject to the exceptions set forth in Education Code sections 51225.1-51225.2.

e. Courses designated as Advanced Placement from accredited transferring districts will receive additional weighted credit, which will be computed using the following numerical value: A = 5, B = 4, C = 3, D = 1, and F = 0.

Students with special circumstances may request consideration of a fifth year of study to meet graduation requirements.

3. Requirements for Graduation/Continuation School

a. General Conditions

The Board shall grant a diploma of continuation high school graduation to any pupil upon completion of the prescribed course of study including satisfactory completion of a minimum of 190* semester credits of classroom instruction and supervised learning.

b. Basic Requirements

(1) The specific subject requirements for a continuation high school diploma are identical to those required of the traditional high school. In addition to

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

the specific subject requirements, electives are needed to complete a total of 190* semester credits.

Students wishing to receive a continuation high school diploma must successfully complete a minimum of five credits at the continuation high school. In the event of extenuating circumstances, the Superintendent or designee, may waive this requirement.

4. Satisfactory High School Credit May Be Earned Through Avenues Outside of the District

a. Juvenile Court School

The District shall accept for credit any coursework satisfactorily completed by students while detained in a juvenile court school or county or state-operated detention institution. District students who successfully complete District graduation requirements while so detained shall receive a diploma from the school they last attended.

b. Instruction from Accredited Non District Institutions

Credit toward high school graduation for instruction from accredited non district institutions may be granted, provided that:

- (1) Credit earned at a different accredited institution while the student attends District schools in Grades 9-12 does not exceed 10 credits annually
- (2) Parent/guardian applies in writing for the credit.
- (3) The number of credits sought equals at least one semester's work.

c. College Courses

- (1) The individual may complete his/her high school education by attending an accredited college.
- (2) The District maintains a cooperative agreement with Saddleback College, the Concurrent College Studies Program. Under the auspices of the program, a student may enroll in Saddleback College courses. Courses under this program receive high school credit as well as college credit. Graduation requirements, with the exception of electives, may not be taken under this program.

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

Students may enroll in community college courses offered at other community colleges provided that they apply through their high school guidance office for approval. Approved courses will receive high school credit as well as college credit. Graduation requirements, with the exception of electives, may not be completed in this manner.

- (3) College courses will be equated to high school credits on the following basis: each semester unit of college credit is equal to three and one-third high school credits.

5. High School Equivalency/California High School Proficiency Examination (CHSPE)

The Board desires that every student have the opportunity to earn a high school diploma through successful completion of class work and Board-approved competency tests.

The Board, however, recognizes that the California Legislature has provided two alternatives to the high school diploma: the General Educational Development Certificate for individuals 18 or older, and the California High School Competency.

Certificate for persons 16 or older or who have been in the tenth grade for a year or who are currently enrolled in the final semester of tenth grade. These certificates may be granted by the California Department of Education (CDE) to individuals who pass performance tests established by the Department.

The principal of each school maintaining tenth, eleventh, and/or twelfth grades shall distribute to each student in those grades an announcement explaining the California High School Proficiency Examination (CHSPE) as provided under Education Code 48412. When announcements from the CDE or its contractor are received, this information shall be distributed early enough to enable interested students to register for the test.

Any person 16 or older or who has been in the tenth grade for a year or who is currently enrolled in the final semester of tenth grade may apply to have his/her proficiency in basic skills verified by examination according to criteria established by the CDE.

Any person 18 or older may take the General Educational Development Test (GED) given by the CDE in order to receive the High School Equivalency Certificate.

6 Graduation Ceremonies

- a. The Board does not permit nor recognize any graduation ceremony for District students other than the ceremonies attached to graduation from high school (Grade 12); or continuation school (Grade 12).

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

- b. Students may participate in the graduation ceremony if:
- (1) They qualify for a diploma by meeting all applicable graduation requirements,
or
 - (2) They qualify for a Certificate of Achievement by meeting all applicable graduation requirements.

This temporary policy will expire on June 30, 2022.
