

CUSD Digital Citizenship Curriculum 2021-2022

We have recently updated the curriculum with the 2021 Common Sense Media Digital Citizenship Curriculum. These interactive lessons address timely topics and prepare students to take ownership of their digital lives.

The following categories are covered within the curriculum:

- **Media Balance & Well-Being**
 - Students go beyond screen time to explore the impact their digital lives can have on their well-being and relationships while learning to balance media in their everyday lives.
- **Privacy & Security**
 - Students learn how to protect personal information and gain a deeper understanding of their data privacy rights so they can advocate for themselves and others.
- **Digital Footprint & Identity**
 - Students consider the benefits and risks of online sharing and explore how a digital persona can affect one's sense of self, reputation, and relationships.
- **Relationships & Communication**
 - Students reflect on how to build positive relationships, avoid risky online talk, and understand why some topics and conversations can best lend themselves to certain mediums.
- **Cyberbullying, Digital Drama & Hate Speech**
 - Students take on these tough topics and play the active role of upstander to build positive, supportive online communities and combat online cruelty.
- **News & Media Literacy**
 - Students identify credible and trustworthy information sources and reflect on their responsibilities as thoughtful media creators and consumers.

Although there are 73 digital citizenship lessons available on Common Sense Media, the following titles below are the ones being published within our CUSD Digital Citizenship Canvas course for teachers to use with their students:
