2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Capistrano Unified School District has an enrollment of over 48,000 in Transitional Kindergarten through grade 12 and adult transition. The District is located in a suburban area of south Orange County and has 34 elementary schools, 12 middle schools, six comprehensive high schools, and six alternative programs. The student demographics are as follows: 57% White, 26% Hispanic, 6% Asian, 2% Filipino, and 9% Other. 10% of students are English learners, 22% are socioeconomically disadvantaged, <1% are foster youth, and 10% are students with special needs. The vision of the District is An Unwavering Commitment to Student Success and the mission is To prepare our students to meet the challenges of a rapidly changing world.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The District LCAP is designed to meet the needs of all students and in particular, the unduplicated student population. The plan seeks to increase outcomes for students with actions, services and expenditures aligned to three District goals: (1) Engage students in meaningful, challenging, and innovative educational experiences to increase post-secondary options for all students; (2) Communicate with, and engage students, parents, employees, and community members in District-wide and community-specific decisions; (3) Optimize facilities and learning environments for all students. Students, staff, and parent groups participated in stakeholder engagement sessions and their input is reflected in the plan.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

After review of the CA School Dashboard's Equity, Status and Change, and Student Group Reports for the District, performance for the All Students group was strong overall, as all state indicators are blue and green and no student groups were red. Particular strengths identified are in the mathematics 3-8, suspension rate, and graduation rate indicators. For the mathematics 3-8 indicator, all student groups performed within one color above or below the All Students performance, therefore, there is not a large gap in performance. For the suspension indicator, eight out of 10 student groups are in the blue and green. There is only one student group in orange that is two colors away from where the All Students group performed, so overall, student group rates are similar to All Student rates. The graduation rate is in the Very High status area and all six comprehensive high schools are blue. Six of eight student groups are in the blue and green and there are only two student groups that are two or more colors away from the All Students group. The District plans to build on this progress with continued focus on Great First Instruction, Professional Learning Communities, Multi-Tiered System of Support, and the use of data to drive decisions.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

The District had no state or local indicators for which overall performance was at the red or orange performance level. All indicators were at the blue or green performance levels.

During 2016-2017 school year, the State made it optional to upload Local Indicator measures and outcomes to the CA School Dashboard website. District staff formed committees for the Parent Involvement, School Climate, and State Standards local indicators to identify a measure and make a recommendation to the school board. The Basic Services local indicator will be measured with Facilities Inspection Tool (FIT) reports and Instructional Materials sufficiency information contained in the School Accountability Report Card (SARC) for each school. Recommendations were approved by the school board in May and will be implemented in the fall of the 2017-2018 school year. The results will be reported to the school board following the implementation and then the data will be reported/uploaded to the CA School Dashboard website.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

There are three indicators where student groups had a performance gap of two or more performance level differences from the All Students group.

For the Suspension Rate indicator, the African American student group was two performance levels (orange) below the All Students group (green).

For the Graduation Rate indicator, the Students with Disabilities group was three performance levels (orange) below the All Students groups (blue).

For the ELA 3-8 indicator, the Pacific Islander student group (orange) was two student groups below the All Students groups (green). Districtwide, this represents 34 students who averaged 3.3 points below level 3.

Further analysis indicates that the English Learner, Socioeconomically Disadvantaged, and Students with Disabilities student groups scored at least 30 points below level 3 on the ELA 3-8 indicator. Therefore the District is focusing on increasing and improving services for these student groups in English language arts.

To address these performance gaps, the District is implementing actions and strategies focused on Great First Instruction, Professional Learning Communities, and Multi-Tiered Systems of Support.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

The District will continue three actions to increase and improve services for low-income students, English learners, and foster youth:

1. School Counseling - social-emotional, academic and behavior counseling services provided at all elementary, middle and high schools
2. Supplemental Secondary English Language Development Sections - off-ratio sections for identified middle and high schools to accommodate lower class sizes in English language development classes determined by student’s language level.
3. Tutoring and after school support for Foster Youth - after school individual tutoring services and after school programs to provide academic support

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

In 2016-2017, the District focused on the implementation of Great First Instruction (GFI), Professional Learning Communities (PLC's), and Multi-Tiered Systems of Support to engage students in meaningful, challenging, and innovative educational experiences to increase post-secondary options for all students. A strong emphasis was placed on the implementation of Passport intervention curriculum in grades 1-5, an increase of five CTE pathways, development of the Futureology college and career program, and English learner supports such as the summer program, supplemental secondary sections, and school site advisors continued.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

On the Smarter Balanced Assessment, the All Student group met the target of a 3% increase (56% to 59% met or exceeded the standard). The English learner reclassification rate increased 1.6%. The high school graduation rate increased .5% to 97.1% and all comprehensive high schools are in the "Very High - Blue" category on the 5 x 5 grid.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The AVID membership fee was reduced and AVID tutors were hired with the balance of the allocation. Professional learning on ULS was done during teacher collaboration time, so the \$3,000 was not needed.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Support for students who are English learners continues to be a focus. Additional supplemental middle and high school sections for English language development were added in 2016-2017 and they will continue in 2017-2018 to provide support for staffing classes with proper language levels at reduced class sizes. The new Coordinator, English Learner Services was implemented in 2016-2017 to provide leadership with the ELA/ELD adoption and integrated and designated English language development. This position will continue in 2017-2018 to provide continued support in this area. These actions along with the other actions targeted to students who are English learners will address the State Indicator Academic English language arts and Mathematics gap (All Students - Green; English Learners - Yellow). Professional learning on the reading intervention curriculum in grades 1-5, revision of the Student Success Team procedures, and pilot intervention sections at the middle schools occurred in 2016-2017. Continued implementation of the reading intervention curriculum, implementation of the revised Student Success Team procedures, and sections for secondary intervention are planned for 2017-2018. College and Career Counselors and College and Career Coordinator were implemented in 2016-2017 who implemented one-on-one sessions, bootcamps, and webinars. These expenditures will continue in 2017-2018 as stated in Action 16 on pages 51-52. Professional Learning Communities were implemented in 2016-2017 and will continue in 2017-2018 (see Goal 1, Action 2, page 32. A focus on Pre-K to grade 12 articulation started in 2016-2017 and will continue in 2017-2018 with enhanced focus on grade 5 to 6 and grade 8 to 9 transition. To increase student engagement, a participation tracking system will be implemented to track high school student participation in activities and athletic events. Students who have little to no participation can be provided outreach to engage them in school - see Goal 1, Action 10, page 44. To continue to provide access and equity for students to take Advanced Placement and International Baccalaureate tests, test fee reimbursements have been added to Goal 1, Action 18 on page 54.

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The District website includes a featured section devoted to LCFF/LCAP, which provides stakeholders with information regarding the process for its development, relevant data, related events and activities, and schedule of associated actions. The website can be found at <http://capousd.ca.schoolloop.com/lcap>

An LCAP Planning Team consisting of District Office certificated and classified staff and Principals was convened to help guide the LCAP work for 2016-2017. Three meetings were held (October 17, 2016, January 10, 2017, April 12, 2017) to plan stakeholder engagement, analyze needs assessment data, and provide input into the development of LCAP documents, including the Infographic and draft LCAP.

Executive staff and site administrators continued to engage parents, administrators and certificated staff (including certificated local bargaining unit), classified staff (including classified local bargaining unit), and students in meetings, advisory group input sessions and school site/parent meetings. Notices were sent through email, School Messenger email and automated phone messaging.

At the stakeholder engagement meetings held during the 2016-2017 school year, input was gathered on communication and outreach strategies and topics, the LCAP Infographic, CA School Dashboard, students and school connectedness, and the LCAP draft, including the Annual Update section. Input was gathered in a variety of ways including groups using chart paper, completing individual response forms, student Google form survey on Chromebooks, focus group discussions, and a WebEx webinar. This input was compiled, shared with District leaders, and posted for examination on the District website.

To make the 73-page 2016-2017 LCAP more understandable, CUSD contracted with a vendor to develop a LCAP Infographic - a 12-page pictorial summary in English and Spanish of the LCAP which was distributed at all engagement meetings and posted online. The LCAP Infographic information includes a District overview, summary of the goals, actions, and expenditures, and annual update, metrics and progress indicators. Stakeholder feedback about the LCAP Infographic was very positive and feedback shared was that it helped people better understand the plan.

List of Stakeholder Input Meetings that occurred during the 2016-2017 School Year:

LCAP Parent Advisory Committee – November 9, February 8, May 2
 District English Learner Advisory Committee (DELAC) – January 17, March 7, and May 23
 Students - February 7 (Dana Hills High School); March 28 (Capistrano Valley High School)
 CUEA (Certificated Local Bargaining Unit) – February 21
 High School Principals Meeting - March 3
 Elementary Principals Meeting – March 6
 Middle School Principals Meeting - March 6
 Capistrano Unified Council PTSA – March 13 and March 3 (Legislative Committee)
 CSEA (Classified Local Bargaining Unit) – March 14
 Special Education Community Advisory Committee (CAC) – March 16
 School site and staff meetings – various by site (high school students participate on high school site councils)

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Input from all groups was taken into consideration when analyzing the progress and needs within the goal areas. Stakeholder feedback confirmed again this year that the LCAP Infographic is a beneficial expenditure and helped people better understand the LCAP goals, actions, services, and progress.

Stakeholders suggested the following areas to focus on:

Life Skills

Transition/Matriculation from 5th to 6th and 8th to 9th

College and career preparedness

a-g information

Communication

Capistrano Unified Education Association and the District agree that employees are the District's greatest asset in delivering programs and services to students. The District will be unable to achieve desired results without employees. California will need over 100,000 teachers over the next decade due to a third of the workforce nearing retirement.

Maintaining 180 instructional days, providing time for teacher collaboration, engaging in aligned and coherent professional learning, and recruiting and retaining qualified teachers are all essential components to pupil progress.

The priorities expressed by stakeholders during the engagement meetings and student survey results led to the following planned actions for 2017-18:

Improved a-g systems

Increased use of social media, phone calling, and text messaging

Improved marketing of Career Technical Education programs

Increased pre-k to grade 12 articulation

Increased Futureology college and career services

Continued outreach by counselors

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$9,484,359

Percentage to Increase or Improve Services: 2.53%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Capistrano Unified School District has budgeted Supplemental funds to address the priorities for all students but principally meets the needs of English Learners, Low-Income, and Foster Youth students. All requests for expending funds go through an approval process through an administrator overseeing that funds are spent to support these student groups:

Goal 1: To increase post-secondary options for all students, the following actions/services will be implemented for all students, including unduplicated students: Class size reduction, 180 student days, Professional development for all teachers (including use of Curriculum Specialists) with emphasis on providing standards-based high quality instruction, including Tier I interventions for all students. The described actions and services are in alignment with concepts discussed in the Blueprint for Great Schools and ELA/ELD California Framework (Professional learning is the vehicle for all school staff to learn to effectively implement the curricular and instructional practices proposed in this framework, Ch 11, p. 4) . Additional research to support the above actions and services for Goal 1 include: CA CCSS ELA Appendices A-C; Do low attaining and younger students benefit most from small classes? Results from a systematic observation study of class size effects on pupil engagement and teacher pupil interaction, UK 2008; 30-100 hours Professional learning in the Learning Profession, NSDC report, 2009; Visible Learning - A Synthesis of Over 800 Meta-Analyses Relating to Achievement (professional development has an effect size of 0.62 which is in the zone of desired effects).

The following actions/services will also be implemented for all students including unduplicated students: Student access to interventions (academic, behavioral, and social) through a Multi-Tiered System of Support (MTSS) including counseling, Data Analyst to assist school sites with student assessment data to identify students for intervention, school site MTSS coordination, intervention staff, and credit recovery programs. Additional research to support the above actions and services include: Removing barriers to Learning and Improving Student Outcomes: The Importance of School-Based Mental Health Services, American Counseling Assn., American School Counselor Assn., National Assn. of School Psychologists, School Social Work Assn. of America and National Alliance of Specialized Instructional Support Personnel Effective Specialized Instructional Support Services Research Brief May 2013; Transforming Student and Learning Supports: Developing a Unified, Comprehensive, and Equitable System, 2015; Visible Learning - A Synthesis of Over 800 Meta-Analyses Relating to Achievement (response to intervention has an effect size of 1.07 and early intervention has an effect size of 0.47 which are both in the zone of desired effects).

In addition, the following actions/services will be implemented for all students, including unduplicated students: AVID support, PSAT, Naviance, and Career Technical Education and Visual and Performing Arts program development and coordination. Additional research to support the districtwide CTE and VAPA actions and services include: CTE Pathways Initiative Annual Report 2013; Transforming Teaching through Arts Integration, 2014; Visible Learning - A Synthesis of Over 800 Meta-Analyses Relating to Achievement (career education programs have a positive impact on student outcomes, Baker & Popwicz).

Use of funds for unduplicated pupils: The District has determined based on the research outlined above and stakeholder input that these actions and services are the most effective use of funds to meet the goals.

Capistrano Unified School District has developed a plan to utilize Supplemental funds to specifically to meet the needs of English learners, low-income, and foster youth students by allocating money for a variety of targeted programs and services including:

Goal 1: Increased support to students who are English learners, including long-term English learners through supplemental English Language Development sections for secondary schools, English Language program operations, English learner testing assistants, and translation staff.

Increased support for students who are low-income through Advanced Placement and International Baccalaureate test fee reimbursement.

Increased support for students who are foster youth through interventions such as tutoring and after school programs.

Goal 2: Increased parent communication and support through parent and community outreach, parent education programs, translation, school site Bilingual Liaisons, childcare for English Learner parent meetings, and translation at District meetings.

Additional funding will be allocated and spent on targeted services for English Learners, low-income, and foster youth to meet the effort for designated continued services, which is the minimum proportionality percentage.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
