#CAPOFORWARD

We're one of just a few schools in the district selected to accelerate learning through an emphasis of technology and collaborative teaching practices.

Our comprehensive inquiry-based approach fosters curiosity and technology-enabled problem solving.

HIGHLIGHTS

Chromebooks for all students

Exploration and collaboration embedded in school culture

Interdisciplinary teaching and learning with focus on the fundamentals

Science and technology incorporated into interactive field trips and hands-on learning across all grade levels

Strong partnership with the Ocean Institute

OUTCOMES AND GOALS

- Use of technology to effectively analyze research results
- Experience conducting hands-on science experiments to research, find, and present real-world solutions
- A personal digital portfolio (Google drive) that students can reference in the future
- Ability to present and rationalize solutions to various audiences
