

Pursuant to the CDPH Guidance for Vaccine Records Guidelines & Standards, only the following modes may be used as proof of vaccination:

- COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card) which includes name of person vaccinated, type of vaccine provided and date last dose administered)
- A photo of a Vaccination Record Card as a separate document
- A photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
- Documentation of COVID-19 vaccination from a health care provider, which must include, full name, DOB, dates of vaccination, type of vaccination and health care provider's information.
- Digital record that includes a QR code that when scanned by a SMART Health Card reader displays to the reader client name, date of birth, vaccine dates and vaccine type
- Documentation of vaccination from other contracted employers who follow these vaccination records guidelines and standards.
- In the absence of knowledge to the contrary, a school may accept the documentation presented as valid.

*****Fully-vaccinated is defined as the employee who has received the second dose in a two-dose vaccine, or one dose of a one-dose vaccine, and two weeks have passed since the last dose. Employees who are partially vaccinated are considered unvaccinated and will be subject to weekly testing until they are FULLY vaccinated.

*****Employees for whom vaccine status is unknown or documentation is not provided, are considered unvaccinated.
