PART II COST

EXECUTIVE SUMMARY

In this RFP, WSCA wants to achieve cost-effective and efficient acquisition of quality cell phone services and the cell phones for participating states, local units of government and other authorized entities. These entities are monitoring expenses carefully; they wish to avoid risks for budgets, and complexity for accounting. To meet this need, T-Mobile has designed its rate plans to simplify management and reduce risk, including fixed cost options.

T-Mobile's wireless offerings will provide more value and meet or exceed the expectations for WSCA. Our value set of data plans has no premium charge for enhanced speed on our network with the largest 4G coverage in America. We will help agencies eliminate wasted time and money on stackable plans, which require optimization and often have a risk of overage. Our plans will provide the service and features users want at a price that is fiscally responsible yet technically advanced with included packages like 400 free text messages and unlimited nights and weekends on most plans

T-Mobile offers a unique feature in Wi-Fi calling. T-Mobile phones can connect to Wi-Fi and when used to call delivers a plan with no-billable minutes. This feature does require an active voice rate plan and is available on tier 2 and above plans at no extra charge. All of these plans give WSCA the ability to select the features they want, eliminate the fear of overage, and utilize exactly the amount of calling needed.

Lastly, we have offered an increased discount on monthly recurring charge and are lowering the price for Broadband, Android and Windows Phone plans. We have continued the most popular options including a very competitive per minute plan with a low monthly charge which includes unlimited nights and weekends as well as unlimited mobile-to-mobile. A new plan has also been introduced for emergency users which has no monthly charge. These plans along with our low price unlimited plans offer procurement officers and users the best value and easy choices.

Voice Plans:

Tier 1: \$0.00 plan, .08 cents per minute: A pay as you go option with no monthly reoccurring charge, with no risk of overage.

PART II COST

Tier 2: \$4.20 plan, .05 cents per minute: A pay as you go option with a small monthly reoccurring charge which includes unlimited T-Mobile to T-Mobile, and free nights and weekends. This plan has no risk of overage and a lower overall per minute charge.

Tier 3: \$33.60 plan, unlimited minutes: An unlimited voice plan, with no risk of roaming or long distance charges in the US. This plan has no risk of overage.

Data/Mobile Broadband Plans:

Tier 1: \$16.80 Unlimited 4G data for converged devices including Windows Mobile, Android and RIM BES. This fee is a bolt-on to our voice plans and can be added to any voice tier.

Tier 2: \$12.60 unlimited 4G tethering with mobile Wi-Fi broadcast from converged devices.

Tier 3: \$37.80 unlimited 4G for data stick, netbook and tablet devices.

Our 4G network has speeds up to 42Mbps, covering over 200 million Americans. These plans do not charge overage fees. However, speeds will slow for usage above 5GB of usage per month.

Text Messaging:

Tier 1: 400 free SMS. Available on Tier 2 and above voice plans.

Tier 2: \$4.20 Unlimited SMS. Available on tier 2 and above voice plans.

Devices:

We have proposed simple pricing on handsets. A free device is available in each device category. Advanced and signature devices are generously priced

PART II COST

regardless of rate plan. Upgrade eligibility at 13 months of tenure ensures that users who have devices out of warranty will have an option for free replacement if necessary.

Examples:

Tier 1: Unlimited mobile to mobile, nights and weekends, with 400 free SMS, and unlimited 4G data for only \$21.00 per month, plus minute usage. Free Samsung Gravity T.

Tier 3: Unlimited calling, unlimited SMS, and unlimited 4G data for \$54.60. The rugged Motorola Defy SmartPhone for only \$19.99.

T-Mobile USA looks forward to the opportunity to assist WSCA participating States and agencies to meet their needs with fiscally responsible, yet technically advanced wireless products and services.

PART II COST

COST PROPOSAL

5. COST

- 5.1** Vendors must provide detailed pricing for all costs associated with the responsibilities and related services. Clearly specify the nature of all expenses anticipated. Vendors must also state the discount percentage from their product line's price for other items. This discount percentage may be considered during the award of this contract. Percentage off balance of the line must be listed in the cost proposal. See Attachment H, Pricing Schedules.

DISCOUNT PERCENTAGE

T-Mobile Response: T-Mobile currently provides a discount to all WSCA participating agencies and their Employees of 15% off monthly recurring charges.

We will offer to increase this amount to 16% for WSCA participating agencies. Employee accounts will continue to be discounted at the 15% rate.

Should a participating State require a fee paid from local agencies or employee accounts; T-Mobile can reduce the discount rate for those accounts and pay the difference to the State. For example, if the State requires a fee in the amount of 1% of purchases, the employee discount will be reduced to 14% in order to fund that fee.

PART II COST

WIRELESS VOICE

T-Mobile Response: We have established a set of fiscally responsible voice rate plans that easily fit the needs of State and local government users. The three tier approach makes it easy to select a plan based on usage that will provide the best value for each user. We have described the rate plan as well as appropriate usage amounts and examples of job type for each tier on the following pages:

PART II COST

Tier 1 – Low Usage

This plan has no monthly recurring charge (\$0.00) and \$0.08 per minute is charged only when service is used.

T-Mobile's per minute plans offer WSCA participating agencies the ability to be fiscally responsible yet have the accessible communication they need. Customers pay only for the minutes they use avoiding excessive financial waste.

Plan Example:

$$50 \text{ minutes} \times \$0.08 = \$4.00$$

Use Examples:

- ***Emergency Response and Public Safety***
- ***Standby Emergency backup phones***
- ***Emergency only field phones***
- ***On-call shift employees***
- ***Undercover Police Officers***
- ***All customers using less than 63 minutes per month***

Rate Plan Name	Monthly Recurring Charge	Price per Minute	T-Mobile to T-Mobile, Nights & Weekends
WSCA PMR 0	\$0.00	\$0.08	Not available

Restrictions: Handset pricing restrictions apply. Handsets offered with activation on this plan will be sold at our Equipment Only pricing. See the Equipment proposal for details. Existing lines on other rate plans are not allowed to migrate to this plan. This plan is not eligible for the unlimited Wi-Fi calling feature, the unlimited nights and weekends feature or the unlimited T-Mobile to T-Mobile feature.

PART II COST

Tier 2- Daily usage

Our most popular plan for WSCA accounts is a Per Minute Rating (PMR) has a \$4.99 monthly recurring charge. This plan is often selected because it includes unlimited T-Mobile to T-Mobile, night and weekend minutes. All other usage is billed at \$0.05 per minute, only when anytime minutes are used.

T-Mobile's per minute plans offer WSCA participating agencies the ability to be fiscally responsible yet have the accessible communication they need. Customers pay only for the minutes they use avoiding excessive financial waste.

Plan Example:

<i>\$4.99 less 16% WSCA discount</i>	<i>\$4.19</i>
<i>300 minutes x \$0.05</i>	<i>\$15.00</i>
<i>Monthly total</i>	<i>\$19.19</i>

Use Examples:

Seasonal staff

- Field health and safety staff***
- Education***
- Any mobile work fleet who primarily communicates in closed user groups with few calls outside of T-Mobile to T-Mobile, nights and weekends.***
- All users who use less than 720 minutes per month***

General Information	
Enter all information directly into the relevant Excel spreadsheet cells. Enter numbers in form in "number" (two-place decimal), not "currency" or other format unless otherwise stated. Omit dollar signs, commas, and any other non-essential symbols. (e.g., \$11.90 should be entered as 11.90) Prices must be in US Dollars. Enter "0" if there is no charge. Cell's left blank will be interpreted as "no offer." A "No Offer" bid may disqualify the vendor from that category.	
Usage Summary --Voice Service	
The following is an estimate of the total number of subscribers within participating states in the Western States Contracting Alliance. The number represents the total number of line subscribers across all WSCA states and from all current suppliers. California's total number of lines were removed from this estimate as they have submitted a RFP for Cellular service last year.	
Estimated number of subscribers:	1,718,134

Quote all charges fees and discounts to the listed plan. The list price is the publicly available referenceable price on the proposal submission date. The monthly access fee must include the Base Requirements and include all basic features. Plans. "Prepay" plans do not qualify as consumption-based plans, as the State cannot pay in advance for services not yet rendered.

Vendors may provide additional service options. These must be listed as "additional services" on a separate sheet. Please identify how these options will be implemented. For example, a vendor that is inclusive of the wireless services (i.e., what is included in the monthly fee) must include the additional charge on a separate sheet. For example, adding broadcast may reduce the monthly charge on the wireless services but then add a fee for the broadcast. For the original plan, under broadcast please write "NA" and then under the combined plan list the monthly charge. The charge for broadcast and then explain how the charges together make up the total monthly charge and state the units (unlimited, 1,500 messages, 1000 min, etc.) Broadcast services that are a "standalone" and not "bundled" as part of a wireless service offering must be submitted on the Broadcast Pricing Sheet.

Vendors must define peak times and set identical peak times for all plans.

WIRELESS BROADBAND

T-Mobile Response: T-Mobile delivers the largest 4G Network at an industry leading price. Currently, T-Mobile offers 21Mbps broadband service to 200 million Americans and is currently increasing its speeds to 42Mbps. Customers can enjoy a better mobile broadband experience on more devices in more places through cutting edge innovative products. Unlike some offers in the industry, these plans do not charge a premium for access to our faster 4G services. Our 4G network has speeds up to 42Mbps, covering over 200 million Americans. These plans do not charge overage fees. However, speeds will slow for usage above 5GB of usage per month.

We have described the pricing plans for each of the tiers and the appropriate use cases on the following pages:

PART II COST

Tier 1 – Converged Device

A converged device combines voice services with email and web and include products with BlackBerry, Android, or Windows Phone operating systems. These users will require a data plan in addition to one of the voice plans to take advantage of email and web features. We provide a simple choice since there is on price for unlimited usage on the device regardless of the operating system.

Plan Example:

<i>Monthly voice charges</i>	<i>\$19.19</i>
<i>(Using example in Voice Tier 2 in preceding pages)</i>	
<i>Converged Data at \$19.99 less 16% discount</i>	<i>\$16.79</i>

- ***All users who require email and web access on a mobile device***

Rate Plan Name	Monthly Recurring Charge	Email and Web data usage
Unlimited BlackBerry	\$16.79	Unlimited (including BES service)
Unlimited Android	\$16.79	Unlimited
Unlimited Windows Phone	\$16.79	Unlimited

PART II COST

Tier 2 – Converged Device with connection sharing

A converged device combines voice services with email and web and include products with BlackBerry, Android, or Windows Phone operating systems. These users will require a data plan in addition to one of the voice plans to take advantage of email and web features. We provide a simple choice since there is on price for unlimited usage on the device regardless of the operating system.

Plan Example:

<i>Voice and data</i>	<i>\$35.98</i>
<i>(Using example in Voice Tier 2 in preceding pages)</i>	
<i>Connection Sharing at \$14.99 less 16% discount</i>	<i>\$12.60</i>
<i>Total for Voice, Data and connection sharing</i>	<i>\$48.58</i>

Use Examples:

- ***Government Officials***
- ***Executive Staff***
- ***Field health and safety staff***
- ***Inspectors and field technicians***
- ***All users who require email and web access on a mobile device and also use a laptop or other internet appliance.***

6. PAYMENT

- 6.1** Upon review and acceptance by the State, payments for invoices are normally made within 45-60 days of receipt, providing all required information, documents and/or attachments have been received. This may vary by participating entity.

T-Mobile Response: Except as prohibited by law, charges, less disputed amounts, for government liable users must be paid within sixty (60) days of the date of invoice. With respect to T-Mobile's other payment terms and requirements, please refer to section 11 exceptions in B-1 Certificate.

- 6.2** The State does not issue payment prior to receipt of goods or services.

T-Mobile Response: We have read and agree.

- 6.3** The vendor must bill the State as outlined in the approved contract and/or payment schedule.

T-Mobile Response: We agree to bill as outlined in the executed agreement between WSCA and T-Mobile.

- 6.4** Vendors may propose an alternative payment option. Alternative payment options must be listed on ***Attachment B2, Cost Proposal Certification of Compliance with Terms and Conditions of the RFP***. Alternative payment options will be considered if deemed in the best interest of the State, project or service solicited herein.

T-Mobile Response: We have read and understand.

Additional Information

Limited time offers; subject to change. Other charges, including, but not limited to, activation fees, transfer fees, taxes, E911, Federal Universal Service Fund and Regulatory Programs Fee (not a tax or government-mandated charge) of \$1.41 per line/month are additional and subject to change. Rates apply only to services used, originating and received within the U.S. (unless stated otherwise). Not all features or plans available on all devices. Other features and terms and conditions may be available and/or apply to specific plans. Please refer to the Agreement for Service terms and conditions. Some plans listed may not apply to consumer activations. **General Terms:** Credit approval, \$35/line activation fee and minimum one- or two-year agreement may be required. Overage usage extra; partial minutes/megabytes (MB) rounded up for billing. Some calls/features involve multiple calls; each call incurs separate charges. **Nights and Weekends:** Weekends are midnight Friday to midnight Sunday; and nights are 9:00 p.m. to 6:59 a.m. Monday-Friday, based upon start time of call. **T-Mobile to T-Mobile:** Calls that are directly dialed between T-Mobile customer devices while on the T-Mobile USA network (and not roaming on any domestic or international network); calls to voicemail and other T-Mobile service numbers not included. **Discounts:** Discounts, if any, do not apply to all plans. Promotional plans and promotions may expire at any time without notice. **Discounted International Calling:** Airtime charges apply; rates vary by country. Additional charges apply to international roaming. **Unlimited Domestic & International Text Messaging:** Includes text messages only – other types of international messages, like picture messages, are charged per message. International messaging roaming rates apply. **Tethering & Wi-Fi Sharing Plan:** Compatible device and qualifying unlimited data plan of at least \$19.95/month required. Monthly data allotment included with qualifying data plan applies. **Mobile Web Pay-Per-Use Plan:** Data is rounded up to the nearest KB for each use and, for billing, rounded up to the nearest MB at the end of each billing cycle. If you switch data plans mid-cycle, for billing, data will be rounded up to the nearest MB at time of the change. **webConnect:** Requires compatible device. webConnect devices are not voice-capable. Device may not be shared in any manner, including use with a network or more than one computer or other device. Overage charges apply to plans with data limits; partial MB rounded up for billing. Overage free plan is subject to temporarily reduced speeds if total usage exceeds 5GB (amount subject to change) during a billing cycle. Domestic roaming is not possible. Roaming charges may apply to use via non-T-Mobile-owned Wi-Fi networks. International use requires international service activation; usage does not apply toward monthly data limit. International rates apply. **Business/Family Allowances:** Qualifying postpaid multi-line plan required. Calls and messages sent or received while roaming on another carrier's network may not count toward allowance limits. Even if a number is on your Never Allowed list or otherwise blocked, you may still be able to send and receive calls and messages to and from that number while roaming. Your Never Allowed list cannot include international numbers. Always Allowed numbers must be domestic 10-digit phone numbers; toll-free T-Mobile numbers are excluded. For domestic use only and will not work while roaming internationally. **Messaging:** T-Mobile is not liable for content of messages/attachments or for any failures, delays or errors in any T-Mobile generated alerts or notifications. You will be charged for all messages you send and that are sent to you even if they aren't received. Length/size of messages may be limited. **Web/Data:** Two-year contract or extension required for \$10 4G Web-200MB plan. **Your data session, plan, or service may be slowed, suspended, terminated, or restricted** if you use your service in a way that interferes with or impacts our network or ability to provide quality service to other users, if you roam for a significant portion of your usage, or if you use a disproportionate amount of bandwidth during a billing cycle. You may not use your plan or device for prohibited uses. **Coverage:** Service and coverage not available everywhere. **Abnormal Usage:** Service may be limited or terminated for misuse, abnormal usage or significant roaming.
