WHAT IS ALTERNATIVE TO SUSPENSION?

The Capistrano Unified School District Alternative to Suspension program is a District operated classroom for students who are suspended for Education Code §48900 violations. The students are under the supervision of credentialed teachers and counselors who will present a program that offers a proactive approach to instilling the skills, habits and behaviors necessary to be successful in school and life.

Students who successfully complete the program will not reflect a suspension from school on their attendance record unless the student is pending expulsion.

In the event of an absence, the student's school record will reflect a suspension for that day.

TESTIMONIALS

Student Letter:

While I was at ATS I got to be a part of the groups that were about respect and healthy relationships. Both topics helped me a lot with the personal situations I have been dealing with. I wanted to thank you for giving me the opportunity to expand my knowledge on these topics and help myself through them. I also wanted to thank you for the silent time to get all of my work done. This is exactly the kind of environment I need to be in so I can grow and learn.

Student's Letter:

Thank you so much for allowing me to have this opportunity. At first I was scared and bummed about coming to ATS but it has truly helped me. I learned new skills and tools from the group presentations and really renewed my work ethic to it's former glory. Thank you for being amazing teachers.
